EXPERTS SEARCHING FOR FEVER GERM

Physicians Are Unable to Find the Dread Microbe.

SITUATION IS SOME BETTER.

Little Apprehension Is Felt in New Orleans and Reports from the Surrounding Country Are Optimistic. Officials Are Greatly Encouraged.

New Orleans, Sept. 27.—Up to noon today there were 10 new cases of yellow fever and two deaths.

New Orleans, Sept. 27.—Conditions were little changed in the fever situation today. The weather forecast was for a clear day, but there were indications of rain in the south. Early promises were for a record during the day approximating that of yesterday. There are today only 282 cases under treatment, and the great bulk of these are of an exceptionally mild type.

Chief Justice Breaux, of the supreme court, after a thorough inspection of the Emergency hospital, said:

"If the people throughout the nation who are making such a do about yellow fever could have been with me when I went through the hospital, I am sure that they would be convinced that science has matched the disease and that their fears as to conditions are groundless."

With the fever appearing only sporadically in the upper districts the principal fight of the authorities now is being carried on in the lower section of New Orleans, to which the new cases are chiefly confined. The reports for the last 48 hours covering new cases, deaths and foci give an encouraging view of the situation.

Dr. Chassaignac returned today from Tallulah, saying the worst was over there, and praising highly the work of Dr. Eudorf of the Marine Hospital service, and the other doctors on duty there. There have been a total of 14 deaths at Tallulah. None occurred after Dr. Chaissaignac took charge.

Dr. Anderson who has been stricken with yellow fever at Tallulah, is reported in a serious condition.

The difficulty that has been found in stamping the disease out at Patterson is said to have been due to the unwillingness of doctors to report the cases. Dr. Rudolph has, however, wired the state board that he has had a meeting of the physicians and they have pledged themselves hereafter to turn up everything.

Although Dr. Pothier, of the Charity hospital, and physicians associated with him have made an explanation in the American Medical Journal of the character of the discoveries which have been made as a result of their investigations in the effort to discover the microbe of yellow fever, it is acknowledged by Dr. Pothier and investigators, who have been working independently that it is not yet possible to announce the discovery of the germ. Dr. Pothier has found certain hitherto undiscovered cells in the blood taken from patients during the first three days' illness, but until these cells are definitely located in the stegomyia during her period of infection, it will not be possible to announce the success of the investigations.

Two sets of investigators have been at work, one headed by Dr. Pothier and the other by Dr. Pearchinard, who stands in the front rank of the bacteriologists of the country. Dr. Archinard several weeks ago permitted the unofficial announcement of his discoveries, but has refused to discuss them pending the completion of the investigations.

The bacteriologists representing the government said today that so far as they knew, the identity of the germ had not been established.

The new public health association last night voted down a proposition to admit women to membership on the governing board, but subsequently reconsidered the matter and referred it to the executive committee.

A letter was read from Miss Kate [illegible] of the women be formed. Mis Gordon said she thought that the women ought to stand on a level with the men in the government of the association.

One Death in New York.

New York, Sept. 27.—Jos Marcira, a coal passer, died of yellow fever today at Swinburne Island, New York's quarantine detention hospital. He was removed from the steamer Havana from Colon last Sunday night, but the fever did not develop sufficiently to be diagnosed until late yesterday. The body will be incinerated.

Situation at Pensacola.

Pensacola, Fla., Sept. 27.—Only suspiciaus cases were reported to the state board of health today up to noon hour and are expected that a number of new cases will be announced this evening. One death occurred late last night. This is in addition to the one reported yesterday. State Health Officer Porter issued a bulletin urging the co-operation of all citizens and asking that all cases be reported to him promptly.

STREET RAILWAY ASSOCIATION.

This Organization Is Holding Annual Meeting In Philadelphia.

Philadelphia, Sept. 27.—With the attendance materially increased the sessions of the annual meeting of the American street railway association were resumed today. The affiliated bodies of the chief organization, the American Association of Street Railway claim agents and the American Railway Mechanical and Electrical association, also held meetings.

At the session of the latter organization F. G. Simmons, chairman af the committee on way matters and superintendent of construction and maintenance of way of the Milwaukee Electric Railway and Light company, read a technical paper on "Welding of joint rails."

Fred N. Bushnell, chief engineer of the Rhode Island company, Providence, read a paper on "The power house," and the report of the committee on maintenance and inspection of electrical equipment was read by William Pestell, of New York, the chairman.

Will Dynamite Sunken Ship.

Port Said, Egypt, Sept. 27.—A serious stoppage of traffic on the Suez canal is threatened owing to the necessity for blowing up of the steamer Chatham, which was sunk on Sept. 2 owing to the fact that she was on fire and that the flames threatened to reach a quantity of dynamite which formed part of her cargo. Since that time the wreck has obstructed the waterway, especially at night, as the wreck is entirely submerged. Divers tomorrow will place cases of blasting gelatine in the hold of the Chatham and these will be connected with an electric battery ashore, and the 800 hundred tons of dynamite in the wreck will be exploded Thursday morning.

Will Try to Break Record.

Victoria, B. C., Sept. 27.—Mail advices from Jokohama state that the steamer Koreas Pacific Main Steamship company, to sail from Yokohama on Sept. 17, with the Taft party of congressmen on board, will endeavor to make a record direct to San Francisco without coaling at Honolulu. Her Yokohama agents stated to the Japanese Advertiser she would endeavor to pass through the Golden Gate ten days from Yokohama. The trans-Pacific record of ten days, ten hours, is at present held by the steamer Empress of Japan of the Canadian Pacific railroad for the run between Yokohama and Victoria.

Dissention in Hungarian Diet.

Vienna, Sept. 27.—When the lower house reassembled today the opening moments were marked by tumultuous Democratic demonstration against the premier, Baron Gautsch Von Frankenthurn, who has incurred the wrath of the Social Democrats by his attitude on the question of electoral reform having advised the emperor to refuse to consent to the introduction of of universal suffrage in Hungary. The uproar lasted for some time, shouts of "withdraw" and "resign" being

EXPLORERS HEADED FOR ARCTIC REGION

Expedition Will Visit Unexplored Part of Greenland.

TO BE LED BY DANISH EXPLORER

The Party Expects to Find Some Valuable Ethological and Scientific Records—This Is Second Trip of Explorer to This Icy Region.

Copenhagen, Denmark, Sept. 27.—Mylius Ericksen is preparing a Danish ship and a sledge party for an expedition to the hitherto unexplored regions of the northeast coast of Greenland.

The plans have been in course of elaboration since Ericksen's return from his last expedition and have been approved by many societies of scientists. The first expedition headed by Mylius Ericksen returned to Copenhagen Nov. 6, 1904, after two years and a half of exploration in Greenland, bringing valuable ethological and scientific records.

The explorers had lived with the natives and studied their language and customs during part of the time they were away. When they were found by whalers late in 1903, the explorers were living in company with eskimos in a tattered condition on Sanders island, and their food was almost exhausted, their reliance being upon the eggs which were to be found on the island.

Powers to Control Macedonia.

Constantinople, Sept. 27.—A collective note from the six powers has been handed to the porte eclaring that their decision to take international control of the finances of Macedonia is inalterable. The note informs the Ottoman government that the foreign delegates appoinnted as controllers will arrive at Salonica Oct. 1, and requests that the necessary instructions be sent to the provincial authorities so that the delegates may enter on their functions without delay. There is increasing friction between the British embassy and the porte in consequence of the dalay in the payment of an indemnity to the owners of British shows attacked by Arab pirates in the Red sea.

Palma Forces Are Victorious.

Havana, Sept. 27.—Complete returns from the entire island, which have been delayed owing to the bad condition of the telegraph service, show that in the elections Saturday last for members of the election boards, the supporters of the government were victorious in every province, not having lost one important place. The victory was so complete that it is now generally admitted to mean the re-election in December of President Palma and the election of the vice presidential candidate, Mendez Capote, the leader of the moderate party.

Disastrous Fire at Spokane.

Suokane, Wash, Sept. 27.—A disastrous fire broken out in the wholesale and shipping section of Spokane early today which completely gutted three brick buildings. The total of fire loss will approximate $200,000. The heaviest losers are the Boath-McClintock company, wholesale grocers $100,000; the Cudahy Packing company, stock, $40,000; C. H. Weeks, building occupied by Pacific Transfer company, $25,000; Dr. C. P. Thomas, owner of the Cudahy building, $10,000; Robbins, Pratt & Robbins, furniture, $6,000. The cause of the fire unknown.

Reinforcements at Baku.

Baku, Caucasia, Sept 27.—Reinforcements totaling 11,000 men with three batteries of artillery, have reached this city. The governor has issued an order forbidding the troops under any circumstances to fire on houses occupied by foreign consuls. Should however, shots be fired from these buildings at the troops, landlords will be heavily fined. The proprietors of the naphtha wells and renters have been ordered, under pain of arrest, to pay all the arrears of wages due to their employes.

CHILD KILLED BY AUTO.

Nine-Year Old Boy Is the Victim of Motor Car.

Atlanta, Sept. 27.—Branch Lewis, Jr., the 9-year-old son of Branch Lewis, of 115 Crew street, former member of the city council, was struck and killed Monday night by the 4-cylinder automobile of Martin Amorous, No. 161.

Mr. Amorous was not in the auto at the time of the accident, and did not know that it was out. The machine was driven by a mechanic in the employ of the Oldsmobile company, at 103 North Pryor street.

The accident occurred on Washington street, near the corner of Clark street, where a number of children were enjoying themselves, about 7:15 o'clock under the electric light.

The little boy was picked up by the machine and hurled for some disance He was immediately taken to his home by two men and a number of surgeons were soon in attendance.

From the very first it was evident there was no hope for his recovery. His body was cut and bruised and his skull was fractured at the base.

He lingered for several hours, constantly growing weaker, and at 11 o'clock, surrounded by the members of his family, the little boy died.

ONE KILLED; MANY INJURED.

Wreck on Alabama Great Southern Railway Near Birmingham.

Birmingham, Ala., Sept. 27.—One man was killed and 27 were more or less injured in a collison between a northbound fright train on the Alabama Great Southern and Blocton accommodation, on the Birmingham Mineral, at Woodstock crossing.

There was a misunderstanding as to which had the right of way over the crossing, and the engine of the fright train crashed into the two rear coaches of the passenger train, badly damaging them both, and it is regarded as miraculous that more people were not killed.

H. H. Harburry, of Birmingham, the conductor on the accomodation train, was instantly killed and 27 passengers injured. Sixteen were white and eleven were negroes.

Farmers' Union to Hold Meeting.

Atlanta, Sept. 27.—President C. S. Barrett, of the Georgia Farmers' union, was seen in Atlanta Monday and announced the program for Farmers' union day at the state fair, Oct. 12. The Farmers' union has about 40,000 members in the state. There will be a meeting the leaders in Atlanta on Tuesday, Oct. 10. On Wednesday the union will hold a state convention at the capitol. There are 1,000 lodges in Georgia, and every one will send delegates. On Thursday, Oct. 12, there will be public exercises at the state fair. Addresses will be delivered by "Father" Gresham, founder of the organization; Messrs. O. P. Pyle, of Texas; Secretary Duckworth, of the Georgia division; Hon. John Temple Graves and Mr. Jerome Jones, of the Journal of Labor.

Councilmen Go To Jail.

Omaha, Neb., Sept. 27.—Five city councilmen, Dyball, Bach, Evans, Huntington and Shroeder, were sentenced to 30 days in jail and to pay the cost of an injunction suit, for violating the provisions of which they were sentenced. These five members of the council were enjoined by Judge Sutton from passing an ordinance entering into an agreement with the Omaha Gas company for the extension of a gas franchise. They were served with the injunction of the court, but passed the ordinance the following day. They were cited for contempt and were given the sentence mentioned.

King Severely Censured

Pesth, Post Hungary, Sept. 27.—The executive committee of the coalition parties summoned to discuss the situ- presented to the Hungarian leaders by the king-emperor, has passed what amounts to a severe vote of censure of his majesty and his advisors. The committee in the resolution expresses the deepest regret that the king-emperor did not listen to the statesmen summoned by him to Vienna, who represent the majority in the Hungarian parliament and constitute, therefore, the leaders of the nation in its public affairs.

PEACE TREATY NOT PLEASING TO JAPS

Editor Kayahara Says There Is Much Dissatisfaction.

MINISTRY WILL BE DISSOLVED

The Japanese Emperor Is Receiving Memorials from His People—No Glad Hand for Baron Komura in the Mikado's Land.

Seattle, Wash., Sept. 27.—K. Kayahara, editor of the Yorodzu Chohno, one of the leading papers published in Tokio, is in Seattle.

Mr. Kayahara stated that his personal observation led him to believe that practically all of the people of Japan are dissatisfied with the peace treaty.

"Baron Komura will not be received with funeral rites when he reaches Tokio, nor will he be received with shouts of glad acclaim," said Mr. Kayahara.

"I believe that the present ministry will be dissolved soon, because the people are clamoring for the resignation of the cabinet and the emperor is giving personal attention to the memorials to the throne. The people of Japan demand a new cabinet, and I think they will win."

Narrow Escape from Cremation.

New Orleans, Sept. 27.—Fire gutted the four-story printing house of Wells & Co., Ltd., at 525 Gravier street. The building is just beyond the Tennessy Lyons drug house, and general alarm brought practically the whole department to the scene. The fire was practically confined to the Wells building. The fire started in the fourth story where there was about 30 girls employed. They escaped safely. The house was engaged in fine printing and lithographing. Loss on stock $75,000; insurance $40,000. Loss on building $15,000.

Officers Go After Prisoners.

Montreal, Sept. 27.—Two United States officers are expected to arrive here tomorrow commissioned to secure Messrs. Gaynor and Greene to Savannah, Ga. Their case is now in the hands of the minister of justice at Ottawa, and as the law governing the situation is very definite, he has no option but to order their delivery to the men appointed to receive them. It is not known whether their counsel will take any further effort to prevent their extradition.

Two Men Killed in Wreck.

Fort Worth, Tex., Sept. 27.—A dispatch to the Telegram from Muskogee, I. T., says that in a wreck on the Missouri, Oklahoma and Gulf railroad at Grandview, 10 miles south of Muskogee, today two men were killed. The names of the dead men are C. W. Williams, conductor; Eugene Meinheimer. The men were in charge of a construction train, which ran into a drove of cattle. The engine turned over, crushing both men.

Fast Train Derailed.

St. Louis, Sept. 27.—The general officers of the St. Louis and San Francisco railroad received a message today that the fast eastbound passenger train, known as the Meteor, was derailed near Claremore, I. T., last night, but nobody was hurt beyond a shaking up. The engine tender, mail car and baggage car, and the two chair cars left the track, while running at 40 miles an hour, but they remained upright.

Honor for General Booth.

London, Sept. 27.—The corporation of the city of London today unanimously resolved to confer the freedom of the city on General Booth of the Salvation Army in "recognition of his great work for the general and social salvation of the people." This is regarded as a unique recognition by the city which is accustomed to bestow the freedom only on members of royal families, military and naval heroes or statesmen of marked pre-eminence.

FREE TRAINING FOR NURSES.

Young Women of Small Towns and Country Districts to be Favored.

By the terms of a fund to be administered in connection with the Philadelphia School for Nurses, Witherspoon Building, Philadelphia, a number of young women from every county will receive free training in nursing. It is planned to ultimately reach and help in this way every township and village.

The young women will be provided with room, board, nurse uniforms and all the refinements of a well-appointed Christian home. At graduation the diploma of the School and the Order of the Red Cross will be conferred, qualifying for practice in any State or country; the railroad fare will then be paid back home.

Those applying and chosen to receive the benefits of this fund will be given two years' training, with a rich experience in nursing the sick poor of the city under skilled leaders. The term may be shortened to eighteen months by taking a preliminary course of six months' reading and study at home. A special short course enables young women to quickly qualify themselves for self-support and a substantial income.

In addition to regular nursing, the young women are taught how to preserve their own health; how to recognize, avoid and destroy contagion; how to establish and maintain perfect sanitary conditions about the home; they are prepared for positions as office nurse and physician's assistant; they get a practical knowledge of city mission movements, deaconess training, college settlement work, and are also trained for special positions of trust in institutions.

The School is ten years old and is endorsed by physicians, leading educators and prominent men throughout the country.

THE YELLOW FEVER.

No Deaths at Pensacola—Heavy Rain at New Orleans.

Pensacola, Sept. 27.—The people are feeling somewhat better over the fever outlook. From 6 p. m. yesterday until noon today there were only three new cases, while from 6 p. m Monday until 6 p. m. yesterday there were eight new cases and two deaths. Total number of cases to date, 112; total deaths, 14.

At New Orleans.

New Orleans, Sept. 27.—From 6 p. m. yesterday to noon today there were 14 new cases and five deaths. For 24 hours up to 6 p. m. Tuesday there were 31 new cases and five deaths. Total cases to date are 2,913, and total deaths, 877. The heaviest rain for several weeks has wrought much injury to the work of checking the fever.

RAMBLINGS FROM REX.

Opening of Godwin Seminary—Matters of Personal Interest.

Rex, September 27.—Godwin's school opened on Monday with twenty-one scholars. Miss Ida Wiggins and Miss Willie McIntosh are the teachers.

J. L. Tillman's fine bay mare has been standing up with a bad cut shoulder for the past week.

The convict at Baker's camp that Johnnie Winton shot is able to be up again.

M. M. Tillman and family were the guests of his daughter, Mrs. J. L. Tillman, last Sunday.

Miss Mattie Ormond has returned home from her school.

Mrs. L. W. Fennell and family have been the guests of Mrs. Hattie McIntosh for the past week.

Mrs. Ella Fagin is the guest of her sister this week.

The charming daughter of Mr. and Mrs. J. L. Tillman gave the young people of this burg a pleasant social last night which was enjoyed very much by all. Many thanks to Miss Dessie, and hope she will give us another social soon.

Cotton crops are not as goood as expected.

Mr. and Mrs. S. Rowell have a little boarder—a girl.

CARTER BUYS PROPERTY.

Has Purchased Property in East Gainesville and Will Build Nice Home.

N. R. Carter evidently believes in the future of Gainesville. He has purchased a desirable lot on South Carter street, East Gainesville, near the home of Postmaster Arnow, and proposes in ashort time to erect a neat and modern residence.

Work upon this building will begin as soon as material can be secured. Building has been progressing in Gainesville at such a rapid rate that it is almost impossible to secure prompt delivery of material. Mr. Carter expects, however, to have the material on the ground in a reasonable length of time, and the carpenters will be put at once to work.

Schedule is Bad.

F. M. Ramsey of Wacahoota was in the city yesterday. Mr. Ramsey states that the discontinuing of the train over the Gainesville and Gulf Railway south of here, which arrived in Gainesville in the morning and returned in the afternoon, would work a great inconvenience on the part of the people of that section who have become accustomed to coming to Gainesville to do their trading. With the present schedule it is impossible to make a round trip in one day. Superintendent Barker of the Gainesville and Gulf states that this arrangement is only temporary, however, and that the train will be put on again in a short time.

Death of Sheriff Pickett.

W. Bloxham Pickett, sheriff of Duval county, died at his home in Jacksonville on Wednesday morning, September 27, 1905, aged 33 years. He was ill only a short time, being on the streets Saturday. He was a native of Duval county, a good citizen and faithful officer. His death will cause universal sorrow in his home county and throughout the State where he is known.

A Remedy Without a Peer.

"I find Chamberlain's Stomach and Liver Tablets more beneficial than any other remedy I ever used for stomach trouble," says J. P. Klote of Edma, Mo. For any disorder of the stomach, biliousness or constipation, these tablets are without a peer. For sale by all druggists.

Attention, B. P. O. E.

The regular weekly meeting of Gainesville Lodge No. 990, Brotherhood Protective Order of Elks, will be held in Masonic Hall, over Dutton's bank, this evening at 8 o'clock. There will be work. A full attendance desired.

Attacked by a Mob

And beaten in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve and was soon sound and well. "I use it in my family," writes G. J. Welch of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at all drug stores.

A Daily Mystery.

A man whose income is $50 a day lunching alone in a fifteen cent restaurant and a clerk whose income is $50 a month lunching with a young woman in a restaurant where the cash register doesn't ring up anything under $1. Which is cause and which is effect? Does the fifty-dollar-a-day man lunch thus cheaply that he may be reminded of troubles on earth, or does the fifty-dollar-a-month man dine thus expensively because he wants to forget? Or is the one a fifty-dollar-a-day man because he is careful and the other a fifty-dollar-a-month man because he is a spendthrift?—St. Louis Post-Dispatch.

Sensitiveness of Plants.

Darwin gave it as his opinion that some plants can see, and an Indian botanist relates some curious incidents which tend to verify the belief. Observing one morning that the tendrils of a convolvulus on his veranda had decidedly leaned over toward his leg as he lay in an attitude of repose, he tried a series of experiments with a long pole, placing it in such a position that the leaves would have to turn away from the light in order to reach it. In every case he found that the tendrils set themselves visibly toward the pole and in a few hours had twined themselves closely around it.

NEWS OF CITY AND COUNTY CONDENSED

Prof. George M. Lynch and Major W. L. Floyd have gone to Lake City, where they have been assigned positions on the faculty of the University of Florida. There are no more competent instructors in the State than these gentlemen, who so successfully filled positions on the faculty of East Florida Seminary for many years. The families of Messrs. Lynch and Floyd will remain here for the present, which will be pleasing information to their numerous friends.

W. J. Carter of Tampa, one of the leading contractors of the South Florida city, has returned to his home, after a brief visit to his family here. Mr. Carter has the contract for the erection of the immense buildings of the Florida State Fair, and is employing a large force of carpenters and other workmen on the same. The buildings are progressing nicely, and will be ready in ample time for the opening of the greatest State Fair the South has ever seen, on November 15.

A SOCIETY NEEDED.

S. P. C. A. Should Send Representatives Here to Organize.

If there is any place in the State of Florida, or anywhere else for that matter, that needs a branch of the Society for the Prevention of Cruelty to Animals, it is Gainesville. While it is a significant fact that, as a rule, the horses are kept in a better condition here than in many other places, there are exceptions, and it is a shame and disgrace to note the poor condition of some animals that are compelled to work here.

In several instances Marshal Pinkoson has threatened to arrest the owners of half-starved horses, and yesterday a horse was driven into town by a colored boy that was nothing but skin and bones. Marshal Pinkoson warned him to feed the animal, and if he was ever caught in that condition in the city again the driver would be placed under arrest.

Nothing is more faithful to man than a horse, and these noble animals should be remunerated with enough to eat at least.

SCHOOL ENTHUSIASM.

Extensive Preparations Being Made for Opening of School Monday.

As the best evidence that the prospective pupils of the University High School are manifesting deep interest in the work for the coming term, it may be mentioned that great preparations are being made for the opening of the institution, and it is safe to say that at the appointed hour Monday several hundred bright youths and lassies will be in line, ready for enrollment.

It should be a source of gratification to the faculty that the pupils are manifesting this interest, for it means a great deal more successful term, and at the end the general "round-up" will show to much better advantage.

The University High School has never had a better or more efficient faculty than that which will open the term this year, and the faculty needs the co-operation and support of not only the pupils, but the patrons as well.

JUSTICE COLMAN'S COURT.

Man Charged With Shooting Cow Released Under Bond.

Justice Colman had two cases before him Wednesday. The first alleged offender of the law was Rev. S. A. Adams, a colored resident of the Arredondo section, who was charged by F. M. Ramsey with shooting a cow, the property of the plaintiff. Adams waived examination through his attorney Evans Haile, and gave bond for his appearance before the grand jury at the next session of the circuit court.

Charles Robinson of Fairbanks was arrested by Deputy Sheriff L. E. Story of Windsor and arraigned upon the charge of shooting a pistol. Robinson was required to pay a fine of $100, in default of which he will be sent to the county for three months.

PUTNAM COUNTY "WET."

The Election in That County Tuesday Went Against Local Option.

According to a report in The Jacksonville Metropolis of Wednesday evening the vote on local option in Putnam county on Toesday was carried in favor of [illegible] by a majority of 80. Both sides put up a strong fight and the city was carried for saloons by 126 votes. It is stated that several places that were counted on for large majorities in favor of local option were very close.

MOZLEY'S LEMON ELIXIR

REGULATES THE
LIVER,
STOMACH,
BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

LOCHLOOSA NOTES.

School Will Open Monday With Good Prospects—Other News.

Lochloosa, Sept. 27.—The Lochloosa school will open Monday, Oct. 2nd. It is expected to open with a very good attendance.

Clyde C. Axline of Cross Creek was over in his naptha launch Saturday. Mr. Axline has a large orange grove.

A nice time was reported by those who attended the ice cream supper given at Port Arthur last Friday night.

John Pearson of Jacksonville is visiting relatives here for a few days.

F. T. Buchanan returned home from a visit to relatives at Hawthorn Saturday.

Chandler Murdock of Lakeland is visiting relatives here. He came Saturday and left yesterday for Waldo, but will return today.

C. V. Fowler is visiting his parents, Mr. and Mrs. J. R. Tompkins of this place, and will return soon. He is from Lennon.

THREE JURORS CURED

Of Cholera Morbus With One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale by all druggists.

A Handsome Monument.

There has been placed over the grave of Miss Maude Duke, in Evergreen cemetery, one of the handsomest monuments ever brought to this city.

The monument is seven feet high and cannot help but be admired by lovers of art.

Tro-State Medical Association.

Chattanooga, Tenn., Sept. 27.—The Tri-state Medical association composed of physicians in Tennessee, Alabama and eGorgia, met here this morning for a three days' session. Addresses of welcome were delivered by Mayor Chambliss and Dr. E. B. Wise. At the meetings papers will be read by the most prominent surgeons in the states named.

Five Killed in Collision.

Philadelphia, Pa., Sept. 27.—A rear-end collision between the eastbound New York limited express from St. Louis and a local passenger train, which was standing at the Paoli station of the Pennsylvania railroad, 18 miles west of this city, resulted in the death of five men and the injuring of more than 20 others.

A CAUTIOUS ELEPHANT.

The Sagacity Displayed by the Animal When Near Quicksand.

One elephant which an officer of the Royal artillery lent to assist in extricating some camels which were being engulfed in the quicksands showed an amount of sagacity which was positively marvelous. It was with the utmost difficulty that we could get him to go near enough to attach a drag rope to one camel I wanted to rescue. In spite of our being about fifty yards from the bank of the river, he evinced the greatest anxiety, while his movements were made with extreme caution.

Despite coaxing, persuasive remonstrance and at last a shower of heavy blows dealt upon his head by the exasperated mahout, this elephant stubbornly refused to go where he was wanted, but with his trunk shoved out in front of him kept feeling his way with his ponderous feet, placing them before him slowly, deliberately and methodically, treading all the while with the velvety softness of a cat and taking only one step at a time. Then suddenly he would break out into a suppressed kind of shriek and retreat backward in great haste.

When the animal had nearly completed a circuit of the ground with the same caution and deliberation, he advanced to within ten yards of the poor camel, but not another inch would he move, though several men were walking between him and the camel without any signs of the ground giving way.—"The Camel," Major A. G. Leonard.

Got Off Cheap.

He may well think he has got off cheap who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant and certain cure for headache, constipation, etc. 25c at all drug stores; guaranteed.

An Interesting Experiment.

A vessel containing a certain white powder is placed upon the table, when the operator advances, waving his wand and uttering some magic words coined by himself, when, lo, of a sudden the room is lighted up with a brilliant light, so effulgent that it dims the eyes of the spectators. The secret is this: The powder is composed of equal weights of loaf sugar and chlorate of potash, separately reduced to fine powder and then well mixed together. This is placed in a cup, and when the powder is touched with the least drop of sulphuric acid it will instantly burst into a flame. The end of the glass rod should be dipped in the acid immediately before use.

Sprains.

S. A. Read, Cisco, Tex., writes, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to anyone suffering from sprains." Sold by W. M. Johnson.

Announcing a Meal.

Among the curious byways of social history and household custom, says the London Globe, is that which is concerned with the mode of announcing that dinner or any other meal is or shortly will be ready. The dinner bell is, of course, the oldest of these modes. In mediaeval times the monastery or convent bell rang out on the quiet country air many times in the course of the day and night, and one of the many summonses was that which drew them to the refectory. And in later ages there are frequent allusions in literature which show that the bell method was still in constant favor notwithstanding the customary use of other modes of summons.

Cause of Insomnia.

Indigestion nearly always disturbs the sleep more or less and is often the cause of insomnia. Many cases have been permanently cured by Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

Lola Montes.

At one time there was much commercial and social intercourse between Ireland and Spain. Galway and Waterford were the chief Irish ports engaged in this trade. To this day the Spanish type of beauty is discernible among the Galway girls. Probably the most famous result of the blending of Spanish and Irish blood was the actress and dancer Lola Montes. Her true name was Marie Dolores Eliza Rosanna Gilbert. She captivated European monarchs as well as popular audiences and was for a year or so practically the ruler of Bavaria until a revolution compelled her to flee.

I. W. Montgomery has been arrested at Jacksonville for embezzling $350 from a colored Knights of Pythias lodge.

The sharp shells on some of the streets in Jacksonville are playing havoc with the rubber tires of vehicles.

Two negroes were bound over Tuesday in Tampa for selling liquor without a license. Blind tigers, as it seems, in a wet county.

Many orange growers around Kissimmee are shipping green oranges to the markets, and it is feared it may injure the Florida orange industry.

Stetson University at DeLand was opened with a large attendance. This excellent school has been steadily growing each year in popular favor.

S. Anderson, T. J. Merritt and Van Johnson were fined $100 for carrying concealed weapons by Judge Gordon of Tampa on Tuesday. They will work it out.

Ybor City has recently added thirty-three Italian families to its population. We don't know what figure to multiply the thirty-three by to get at the increase in population by their arrival.

A new secret order has been started at Jasper called the Gobblers. They do their work in the coop, and they have some very lively roosters as members. The strong point is the initiation.

For the first time the wireless station on Anastasia Island was got in communication with Jupiter Island, Sunday evening. A severe storm interfered with the messages but they were intelligible.

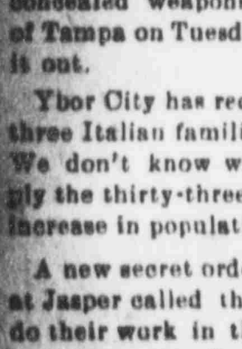
Joseph E. Pfeifer of Orlando, who has lately returned from a visit to the Fatherland, found two boys in New York whom he adopted and will give them a home. He found them in the Boer colony that is producing the mimic scenes from the Boer War at Coney Island, one having served against the English and lost a hand.

The explosion of a kerosene lamp at the home of Drew Matthews in Ocala Monday night caused considerable excitement A fire alarm was turned in, but the fire was extinguished without the aid of the department.

Kin Griffs, the little boy who recently mysteriously disappeared from his home in Titusville, has at last been located at the home of his uncle, Braswell Griffs in Starke, where he is contentedly playing with his cousins. He insists that he will not return to Titusville. Someone at home teased Kin by telling him that he would have to get married, and this frightened the little fellow to such an extent that he ran away.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition, beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.



Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

A Wart or Pimple

MAY BE CANCEROUS.

When a wart, mole or pimple shows any sign of tenderness it is a warning that bad blood is behind it. Often these places are on the face, hands, legs or other part of the body for years, and give no sign to cause uneasiness, and then with a little rough handling, a slight cut or bruise will develop into a sore that refuses to heal, and the sufferer finds himself afflicted with a cancerous ulcer.

About three years ago a blister came on the right side of my nose. It grew speedily in spite of all efforts to heal it up; the pain was not very severe at first, but increased when the sore began to inflame and discharge matter. At times the place would scab over and appear to be getting well, but the scab would drop off, leaving a red, angry looking ulcer. I had almost despaired of ever curing it, when my attention was called to S. S. S., and after taking a few bottles the sore began to gradually grow smaller, the discharge stopped and I was cured.
Owensboro, Ky. JNO. MASSIE.

If the blood is pure and healthy these sores cannot exist. S. S. S. is the ideal blood purifier. It cleanses the blood of all poisons and impurities, making it strong and vigorous and able to supply the body with the strength and nourishment it needs. There is nothing that acts so promptly as S. S. S., toning up the entire system, helping the general health and curing sores permanently. Do not let a wart or pimple develop into a cancerous ulcer, but purify your blood with S. S. S. It is nature's remedy, purely vegetable, and while driving all poisons from the blood, will build up every part of the system. Book on the blood and any medical advice desired will be given without charge, to all who write.

No New Cases of Cholera.

Berlin, Sept. 26.—5:34 p. m.—The official bulletin issued today announced that no new cases of cholera nor no deaths from cholera had been reported from noon yesterday to noon today, thus leaving the totals unchanged. The new cases reported by newspaper correspondents at Bromberg and Marienwerder appear to have been previously reported officially.

Operation for Nasal Difficulty.

New York, Sept. 27.—Dr. P. Holbrook Curtis, who yesterday performed an operation on the Duchess of Marlboro (formerly Miss Consuelo Vanderbilt) said today that the operation was not for the throat trouble as reported, but was for a nasal difficulty. It was performed to remove a slight deafness which resulted from a fall received by the duchess in her youth.

A Clear Complexion and Bright Eyes.

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

Guilty of Wife Murder.

Covington, Ga., Sept. 27.—After having been out less than an hour, the jury in the case of Columbus W. Walker, charged with assassinating his wife while she was lying asleep in bed on the morning of May 8, last, brought in the following verdict: "We, the jury, find the defendant guilty and recommend that he be imprisoned for life."

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition; their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. Sold by W. M. Johnson.

Newport News, Sept. 27.—The steamer Mayport, Captain Jebsen, enroute to Boston with coal, ran down and sunk the schooner Job H. Jackson, Captain Williamson, off Thimble Light last night. One member of the schoer's crew was drowned. Captain Williamson filed a protest here today.

Periodic Pains.

Dr. Miles' Anti-Pain Pills are a most remarkable remedy for the relief of periodic pains, backache, nervous or sick headache, or any of the distressing aches and pains that cause women so much suffering.

As pain is weakening, and leaves the system in an exhausted condition, it is wrong to suffer a moment longer than necessary, and you should take the Anti-Pain Pills on first indication of an attack.

If taken as directed you may have entire confidence in their effectiveness, as well as in the fact that they will leave no disagreeable after-effects.

They contain no morphine, opium, chloral, cocaine or other dangerous drugs.

"For a long time I have suffered greatly with spells of backache, that seem almost more than I can endure. These attacks come on every month, and last two or three days. I have never been able to get anything that would give me much relief until I began the use of Dr. Miles' Anti-Pain Pills, and they always relieve me in a short time. My sister, who suffers the same way, has used them with the same results." MRS. PARK. 721 S. Michigan St., South Bend, Ind.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk.

BE REASONABLE.

Some people about the city are quite inconsistent in regard to keeping up with their neighbors when it comes to cleaning up their premises. Those in charge of the sanitation of the city claim that they have met a few that seemed absolutely indifferent in regard to this work. When asked to cut weeds or grass they bolted like a balky horse and stood back, suggesting to the officers nothing, or giving no reason why they would not do anything.

"Rather than have any trouble," said one of the city officials, "we would pass them by and do what we could, and that is the reason why we have not been more thorough. Gainesville can be made beautiful, if all would work in harmony to this end. But one dissenter has a bad effect on the whole work of improvement."

But there should be a way to get at some people who are located in the portions of the city that are most attractive, and the whole charm is spoiled by one or two who are indifferent in regard to keeping their premises in a neat and tidy condition. The work should be done and the cost of the same added to their taxes. In this manner the town could be improved.

With the means at hand there has been much good done throughout the city, and we can feel satisfied that all has been done by those in authority that the conditions would permit, and as a result we have been blessed with a very excellent condition in regard to health during the long and very warm summer.

HOMESEEKERS.

It is observed that the railroads leading into the Southwest embracing Texas, Oklahoma, New Mexico and the Indian Territory, are selling round-trip tickets for three-quarters the regular one-way fare. These tickets have full stop-over privileges and are good for twenty-one days. They are for sale twice each month for the next three months and there will be a great rush to the section covered by them. This is a good deal better than the roads leading to Florida have been able to secure or give to this section. It is to be regretted that the roads running to and through the South are so much weaker than the Western roads that they cannot get nor give what they want for their patrons. It would be worth a million dollars a year to Florida to get an extension of the Frisco from Birmingham into the State. The Frisco is a road that does things, and its phenomenal growth for the past dozen years is chiefly due to that fact and to its dispensing with leading strings.—Tampa Herald.

These tickets are issued to homeseekers, and if we mistake not, as good rates can be obtained to Florida as are given to Texas, Oklahoma, etc., and all that is needed is a few hustling men to pull at this end of the string. We have plenty of land in Florida that does not need to be drained, which should be put on the market, and if the owners of large tracts would give away every other eighty acres to actual settlers, they would then sell the remaining land to pay them well.

Must have been a strike at The Ocala Banner office Monday, judging from the following: "If The Daily Banner is not up to its usual standard this morning we ask our readers to overlook it this one time, as our force is a little short, viz: one editor, one business manager, three printers and two devils. We still have our carrier boys and if you don't yet your paper call us up on the 'phone."

Perry, Mayo and other West Florida towns are just hustling all kinds of improvements.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality, causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

AN ORDINANCE

Entitled An Ordinance Providing for the Issuance of Bonds and the Creation of an Executive Board Under the Provisions of an Act of the Legislature of the State of Florida, entitled "An Act Extending and Enlarging the Territorial Limits and the Powers of the City of Gainesville, a Municipal Corporation Organized and Existing in Alachua County, Florida, and Providing for the Exercise of those Powers."

Be it Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1. The Mayor and the City Council of the City of Gainesville, in their corporate capacity, under authority of an Act of the Legislature of the State of Florida, entitled "An Act Extending and Enlarging the Territorial Limits and the Powers of the City of Gainesville, a Municipal Corporation Organized and Existing in Alachua County, Florida, and Providing for the Exercise of those Powers," approved on the 9th day of May, A. D. 1905, hereby provide by ordinance for the issuance, from time to time, as hereinafter provided, of bonds of said city, to be known as "Public Utility Bonds of the City of Gainesville," to the amount of One Hundred Fifteen Thousand Dollars. The principal and interest of said bonds shall be payable in gold coin of the United States of the present standard of weight and fineness, and for the payment thereof, principal and interest, the entire taxable property of said city and the public utilities acquired and owned by said city shall stand pledged by this ordinance. Each of said bonds shall be of the following denomination, viz: One Thousand Dollars. Said bonds shall be dated the 1st day of January, A. D. 1906, and each of said bonds shall bear interest at the rate of five per cent per annum, payable semi-annually, at the end of periods of six months from the date of the bond. The principal of said bonds shall become due and payable at the following times and upon the following dates, viz: Thirty-five of said bonds of the denomination of One Thousand Dollars shall become due and payable in fifteen years from the date thereof; Forty of said bonds of the denomination of One Thousand Dollars shall become due and payable in twenty-five years from the date thereof; and Forty of said bonds of the denomination of One Thousand Dollars shall become due and payable in thirty-five years from the date thereof. Said bonds, and the interest thereon shall be payable at the office of the City Treasurer of said city. The proceeds arising from the sales of said bonds, at not less than par value, and the purposes for which the issue of bonds proposed to be issued by this ordinance shall be used are the following, viz: The monies arising from the sale of fifty of said bonds, or so much thereof as may be necessary, shall be used to acquire, construct, own and operate a system of sewerage for said city. The monies arising from the sale of fifty of said bonds, or so much thereof as may be necessary, shall be used for the purpose of acquiring, owning, constructing and operating an electric light plant for said city, and for the extension and improvement of said electric light plant. The monies arising from the sale of ten of said bonds shall be used for the purpose of opening, widening, extending or improving the streets of said city. The monies arising from the sale of five of these bonds shall be used for the purpose of acquiring, owning, constructing and operating a public hospital in and for said city. Provided, however, that none of said bonds shall be issued until after the issuance thereof, under the provisions of this ordinance, shall have been approved by a majority of the votes cast by the qualified electors of said city, at a special election which shall be held for that purpose on the 10th day of October, A. D. 1905, in accordance with this ordinance.

Sec. 2. The Mayor and the City Council shall levy and collect annually such special tax on the taxable property within the corporate limits of said city as may be necessary to pay the interest on said bonds, and to provide a sinking fund for the payment of said bonds.

Sec. 3. Said bonds shall be printed or engraved, with interest coupons attached, payable as by this ordinance provided. Said bonds shall be signed by the Mayor, countersigned by the President of the City Council, and attested by the City Clerk, and shall bear the corporate seal of said city, and the interest coupons shall bear an engraved, or printed, fac-simile of the signature of the City Treasurer. When said bonds shall have been so signed and sealed, they shall be turned over to the Board of Public Works, who shall be Trustees for said bonds, and shall be by said Board offered for sale to the highest and best bidders for cash, on sealed bids; but said Board shall have and reserve the right to reject any and all bids, and shall not sell any of said bonds for less than par value. The proceeds for the sales of said bonds, as soon as received by the said Board, shall be deposited in a depository selected by said Board and kept by them in a separate account, to be drawn out only for the purposes for which said bonds are authorized by this ordinance to be issued, upon warrants approved by the Board of Public Works and signed by the Chairman, and countersigned by the Secretary of said Board.

Sec. 4. Said bonds shall be payable to bearer and shall be delivered by said Board only after being countersigned by the Chairman and Secretary of said Board; whereupon said bonds shall become payable to the lawful bearer thereof. It shall be the duty of the Board of Public Works, as Bond Trustees, when any bond is sold or issued by them, to register the same in a book to be kept for that purpose. The said Board shall keep an accurate account of all bonds and coupons outstanding, and of all such as may be paid.

Sec. 5. For the further protection of the citizens of Gainesville, and of the holders of said bonds, the members of said Board of Public Works, as Bond Trustees, shall be required to give bond, or bonds, conditioned for the faithful performance of all duties devolving upon them under the provisions of this ordinance, said bonds to be fixed by ordinance and approved by the City Council.

Sec. 6. The Treasurer, or other agents or officers collecting or receiving money from any assessment, tax or other source, to be applied to the payment of said bonds, or any of them, or to the sinking fund or interest thereon, or any portion thereof, shall each make, on the first day of each month, and every month, written report in duplicate of the amount of money collected or received from each person, and of all payments by him made under the provisions of said ordinance. One of said reports shall, on or before the third day of the same month, be filed with the City Clerk, and the other with the Secretary of the Board of Public Works.

Sec. 7. It shall be the duty of the City Treasurer, or other agents or officers receiving or accounting for bonds or coupons redeemed, paid or purchased, to cancel the same when received, in the presence of the person from whom he shall receive them, and to deliver all such bonds and coupons to said Trustees, together with the report above mentioned, each month.

Sec. 8. The City Treasurer, by and with the advice and direction of the Board of Public Works as Bond Trustees, shall, from time to time, apply all monies which shall come into his hands as a redemption or sinking fund to the purchase of said bonds, at their market value, or shall, under the same direction, invest said money in bonds of the United States, or of the State of Florida, or in such other bonds or securities, or in such other manner as shall be approved by said Trustees and as may seem to them advisable.

Sec. 9. It shall be the duty of the Board of Public Works, on or before the first day of July of each and every year, to report to the City Council the number of said bonds outstanding, with an estimate of the amount necessary to be raised for interest and sinking fund, which statement and estimate shall serve as a basis of assessment by the City Council for the ensuing year for that purpose.

Sec. 10. The Mayor of the City of Gainesville is hereby directed to issue his proclamation calling a special election to be held in said city on the 10th day of October, A. D. 1905, to determine whether the issuance of bonds proposed by this ordinance to be issued shall be approved by a majority of the votes cast by the qualified electors of said city at said special election, and said proclamation and this ordinance shall be published in a newspaper printed in said city at least once each week for four consecutive weeks, the beginning of such publication being made immediately upon the adoption and approval of this ordinance. At said special election the question of the issuance of bonds to the amount of One Hundred Fifteen Thousand Dollars, and for the purposes proposed in and by this ordinance, shall be submitted to the qualified electors of said city for their approval; that each qualified elector shall have an opportunity to vote for or against the question of the issuance of said bonds for the purposes proposed, and each elector shall cast a paper ballot. Each elector desiring to vote for or against the approval of the issue of bonds for One Hundred Fifteen Thousand Dollars, for the purposes mentioned in this ordinance, may vote a paper ballot containing the words: "For Public Utility Bonds One Hundred Fifteen Thousand Dollars," or "Against Public Utility Bonds One Hundred Fifteen Thousand Dollars," and each of said ballots shall be counted as a ballot approving or disapproving, as the case may be, the issuance of the bonds for the purposes mentioned in this ordinance. The said special election shall be called, held, conducted and the returns thereof canvassed, as nearly as may be practicable, in compliance with the rules, regulations and ordinances governing and controlling the general city elections of said city.

Sec. 11. The City Council shall prepare and furnish all necessary blanks and ballots, and shall make all necessary preparation for said special election, and shall pay for same out of the proper fund in the treasury. The ballots to be used in said election shall be substantially in the following form:

Official Ballot.
Special Bond Election.
City of Gainesville.
October 10th, A. D. 1905.

Make a cross (X) mark before the word "For" or the word "Against," accordingly as you approve or disapprove of the issuance of bonds as proposed.

Vote for one:

For Public Utility Bonds
One Hundred Fifteen Thousand Dollars

Against Public Utility Bonds
One Hundred Fifteen Thousand Dollars

Sec. 12. If the issuance of the bonds, as herein proposed and submitted to be approved by the qualified electors be approved by a majority of the votes so cast, then the bonds so proposed to be issued shall be authorized, and from time to time shall be sold and delivered, as the proceeds are needed for the purposes for which they are authorized.

Sec. 13. There is hereby created by this ordinance a Board of Public Works. Said Board of Public Works shall consist of five members, and the same shall be the permanent Executive Board of said City, and said Board shall be Trustees for the bonds proposed to be issued by this ordinance. The members of said Board of Public Works shall each hold office for the term of five years and until their successors are elected and qualified; provided, however, that the members of the first Board shall be W. W. Hampton, H. F. Dutton, P. M. Colson, W. N. Wilson and S. J. Thomas, who shall enter upon the duties of their office immediately upon the approval by the qualified electors of the proposed issue of bonds, and shall continue in office until June 1st, 1906, and until their successors are qualified. Their successors shall be elected by the qualified electors of said City, one member of said Board at each regular municipal election, to take office the 1st June next after said election. Provided, however, that at the regular municipal election in and for said city on the second Tuesday in April, 1906, there shall be elected at said election five members of said Board, to take their office on the 1st June next after said election, and the person at said election receiving the highest number of votes for said office shall hold office for five years, the person receiving the next highest number of votes for said office shall hold for four years, the person receiving the third highest number of votes for said office shall hold for three years, the person receiving the fourth highest number of votes for said office shall hold for two years, and the person receiving the fifth highest number of votes for said office shall hold for one year, and at each succeeding regular municipal election said members shall be elected as hereinbefore provided. At the regular municipal election in April, 1906, it shall be necessary to vote for five persons for said Board of Public Works in order to constitute a valid or legal ballot in so far as the same relates to said Board. The Board shall fill vacancies in its membership until the next regular municipal election, at which election said vacancy shall be filled for the unexpired term, and the person so elected to fill said vacancy shall take his seat immediately upon his election and qualification. The duties of said Board shall be to receive said bonds as soon as the same are printed or engraved and executed, and to sell the same at not less than par, as provided by this ordinance, and to dispose of the proceeds for the purposes for which said bonds are issued. Said Board shall have the control, supervision and management of the construction, acquisition and operation of the said sewerage system proposed and provided for by this ordinance, and the control and management of the electric light plant and of the extension of same proposed and provided for by this ordinance, and said Board shall have the control, supervision, management and operation of any and all public utilities acquired, constructed or operated, and of all improvements made by or with the monies and funds arising out of and proceeding from the sales of the bonds proposed to be issued by this ordinance. The Mayor and City Council may, by subsequently passed ordinance or ordinances, provide for and prescribe such other and further executive duties and powers of said Board as may be deemed by said Council advisable and from time to time may be rendered necessary. Said Board shall make its own rules, and elect a Chairman and Secretary, and appoint such committees, and remove or change the same, by a vote of a majority of said Board, at any time. All contracts to be signed by said Board, or other papers necessary to be signed by same, shall be signed by the Chairman and Secretary, and attested by a common seal to be adopted by said Board. Said Board shall adopt a common seal.

Sec. 14. The members of said Board shall receive no compensation. Three members of said Board shall constitute a quorum for the transaction of business. The ayes and noes shall be called and entered upon a journal upon the passage of every resolution or order for the expenditure of money. Said Board shall, by rules, provide for the holding of regular and called meetings. Members of said Board shall have a right to take part in all proceedings and deliberations of the City Council on all questions relating to matters under their charge, but without the right to vote. Said Board shall not employ or contract with any of its members. No member of said Board, or other person, whether in the employment of the Board or otherwise, shall have power to create any liability on account of the Board, or of the funds under its control, except by express authority of the Board conferred at a meeting duly and regularly convened.

Sec. 15. The said Board of Public Works shall have exclusive power to employ such heads of departments, engineers, clerks, superintendents, laborers and other persons, as it may deem necessary for the execution of its duties in connection with any and all utilities and improvements said Board has control and supervision of under and by the terms of this ordinance, or may have by subsequently passed ordinance or ordinances, and shall fix their compensation, and any of them may be discharged by a majority of the Board, at its discretion.

Sec. 16. Any member of said Board may be removed from office for incompetency, inefficiency, neglect of duty, or misconduct in office, by the affirmative vote of three members of said Board, approved by the City Council.

Sec. 17. Upon the approval by the electors of the issuance of the bonds provided for and proposed to be issued by this ordinance the bonds shall be executed and delivered to the Board of Public Works, as Bond Trustees, and said Board shall, from time to time, or all at one time, sell the same in compliance with the provisions of this ordinance, and as said Board may deem advisable, and deposit the money in a designated depository, or depositories which may be required to give special bond.

Sec. 18. In the event that any part of the proceeds of the sales of said bonds proposed by this ordinance to be issued shall not be necessary to effect the purposes hereinbefore designated for which the proposed issue of said bonds are to be used, then such part of the proceeds of said bonds and the monies not so needed may be used for the purpose of improving the streets and parks of said city and to construct, own, acquire and operate a gas plant for said City, as may be deemed advisable by said Board.

Sec. 19. The Board of Public Works shall have exclusive power to make all improvements and expenditures under this ordinance which shall cost less than Two Hundred Dollars, but shall let all contracts of Two Hundred Dollars and over to the lowest responsible bidder, unless otherwise directed by this ordinance; provided, that said Board shall have and reserve the right to reject any and all bids, when in the discretion of said Board it shall be deemed advisable.

Sec. 20. All ordinances and parts of ordinances in conflict with this ordinance are hereby repealed.

Sec. 21. That this ordinance shall take effect immediately upon its passage and approval by the Mayor.

Passed in open session of the City Council on this 4th day of September, A. D. 1905. A. M. CUSHMAN, President pro tem City Council.

SCOVERS VINELESS POTATOES

ontana Man Places on Exhibit This Wonderful Product.

Great Falls, Mont., Sept. 27.—At the unty fair, which opened here yester- y, there is one exhibition which the ventor says, is vineless potatoes.

Some three months ago C. D. Darst, e discoverer of the new process for oducing potatoes, announced that he uld grow potatoes in from two to ree months, in a special prepara- on discovered by himself, in layers top of each other and without vines. His experiments have been conduct- d in a box 8 feet square. In the ottom of this box a layer of Darst's reparation is placed to the depth of 3 ches, and a number of potatoes anted therein. Another layer of 3 ches is scattered over these pota- oes and more potatoes planted in the sual way and so on until the frame is lled.

Darst claims that the box may be uilt to almost any height with layer fter layer of potatoes without af- ecting the producing quality of com- osition, and that he can have new po- atoes for market in any climate at any ime of the year.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlarge- ment of prostrate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irreg- ularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostrate gland and kid- ney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

Charged with Killing Sister.

Richmond, Va., Sept. 27.—Jimmie Epps, an 8-year-old boy and his moth- er have been arrested and lodged in jail at Williamsburg, Va., charged with the killing of the boy's 6-year-old sis- ter, Matilda, who died recently. The boy is said to have beaten his sister with a brick, but insists that he acted at the instigation of his mother, who, he says, also beat the child. The body of the dead child was exhumed and it showed a number of injuries, one of which alone, a fracture of the skull, was declared by physicians to have been sufficient to cause death.

Like Finding Money.

Finding health is like finding mon- ey—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber of Sandy Level, Va. He says: "I had a terrible chest trou- ble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consump- tion, coughs and colds." Greatest sale of any cough or lung medicine in the world. At all drug stores; 50c and $1; guaranteed. Trial bottle free.

Life Savers Rescue Crew.

[illegible], Mass., Sept. 27.—An un- [illegible]-masted schooner, loaded [illegible] on Pollock rip and is in dan- ger of being broken to pieces. The crew of the Monomoy life saving sta- tion discovered the vessel at daylight. The life savers succeeded in board- ing the schooner after a hard pull through a choppy sea. A strong north wind is blowing and the crew of the schooner and the life savers will have a difficult task in returning to shore.

Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are always most effectual. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, aids ex- pectoration, opens the secretions, and aids nature in restoring the system to a healthy condition. Sold by all drug- gists.

Charged With Killing Husband.

Barnesville, Ga., Sept. 27—Franklin su- perior court convened at Carnesville Monday, Judge R. B. Russell presiding. The case of Mrs. Cobb, for the alleged killing of her husband, will probably occupy the attention of the grand jury until the first. Mrs. Cobb is now un- der $7,500 bond for voluntary man- slaughter, which was the verdict of the coroner's jury. There is much speculation as to the outcome of the case.

If the Baby is Cutting Teeth

Be sure and use that old and well- tried remedy, Mrs. Winslow's Sooth- ing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twen- ty-five cents a bottle.

How Is Baby Today?

Better, thank you. In fact, quite well. Fat, round and full of life and mischief. Pink and white flesh, dotted with dim- ples. No cough, no indigestion.

MYSTERIOUS MURDER IN LONDON

Body of Young Woman Is Found by the Authorities Badly Mutilated.

London, Sept. 27.—The Mostham tunnel of the London and Southeast- ern railway where the brutal murder of Frederick I. Goldby Percy Lefroy, alias Mapleton, occurred June 27, 1881, again has been the scene of a mysteri- ous tragedy, the details of which so far as ascertained are markedly simi- lar to that of a quarter of a century ago.

In the present case the victim is a young woman, Mary Money, whose body was horribly mutilated. A long veil was tightly wedged in her mouth and the police are confident that the woman was murdered in the compart- ment of a train on which she was trav- eling and that her body was thrown from the car. The fact that none of the doors of the train on its arrival at Redhill was open is considered to prove conclusively that it was not a case of suicide.

Miss Money left her home on Sun- day evening saying she would not be gone long.

The affair, therefore, is a complete mystery.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Den- ver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world." Sold by W. M. Johnson.

Suffering from Hallucinations.

New York, Sept. 27.—The police and a physician today decided that Chris- tine Grossman, the 12-year-old girl, who was found unconscious from al- leged robbers' attack in her home yes- terday, was suffering only mental hal- lucinations. Near the place where she was found a search revealed a demand for $900 written on the back of her mother's picture which was hung with its face to the wall. A demand for $200 was written on the back of her own picture. The police comparing the handwriting on these pictures to that which were in Christine's school copy book, declared that the girl her- self had written the demands.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imi- tations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their diges- tions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her en- tirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle.

Insurance Agent Suicides.

Philadelphia, Sept. 27.—William H. Kirkpatrick, Philadelphia agent of the Northwestern Mutual Life Insurance company, of Milwaukee, was found to- day in the bathroom of his apartments with a bullet wound in his head. He had shot himself some time during the night. He was about 55 years of age. Mr. Kirkpatrick had been in ill-health for some time and it is thought he com- mitted suicide on this account.

Children Not Allowed on Streets.

Peoria, Ill., Sept. 27.—The board of health of Bloomington, Ill., has issued a proclamation forbidding children the use of the streets day or night until an epidemic of diphtheria now raging at that place is concluded. The procla- mation provides a heavy fine for all children found on the streets either or foot or in a vehicle. All cats in the village are ordered exterminated and dogs must be tied up.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by W. M. Johnson.

King Alfonso to Wed.

New York, Sept. 27.—It is again ru- mored according to an American dis- patch from Madrid that King Alfon- so will marry and that the wedding will be celebrated May 17, 1906. It is understood that the lady selected as the queen of Spain is the Princess Ena, of Battenburg, daughter of Prince Henry of Battenburg, and the niece of King Edward, of England. Official announcement of the betrothal will shortly be made.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescrip- tion known to the profession for treat- ment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

EXPERTS SEARCHING FOR FEVER GERM

Physicians Are Unable to Find the Dread Microbe.

SITUATION IS SOME BETTER.

Little Apprehension Is Felt in New Orleans and Reports from the Surrounding Country Are Optimistic. Officials Are Greatly Encouraged.

New Orleans, Sept. 27.—Up to noon today there were 10 new cases of yellow fever and two deaths.

New Orleans, Sept. 27.—Conditions were little changed in the fever situation today. The weather forecast was for a clear day, but there were indications of rain in the south. Early promises were for a record during the day approximating that of yesterday. There are today only 282 cases under treatment, and the great bulk of these are of an exceptionally mild type.

Chief Justice Bremux, of the supreme court, after a thorough inspection of the Emergency hospital, said:

"If the people throughout the nation who are making such a do about yellow fever could have been with me when I went through the hospital, I am sure that they would be convinced that science has matched the disease and that their fears as to conditions are groundless."

With the fever appearing only sporadically in the upper districts the principal fight of the authorities now is being carried on in the lower section of New Orleans, to which the new cases are chiefly confined. The reports for the last 48 hours covering new cases, deaths and foci give an encouraging view of the situation.

Dr. Chassaignac returned today from Tallulah, saying the worst was over there, and praising highly the work of Dr. Eadorf of the Marine Hospital service, and the other doctors on duty there. There have been a total of 14 deaths at Tallulah. None occurred after Dr. Chaissaignac took charge.

Dr. Anderson who has been stricken with yellow fever at Tallulah, is reported in a serious condition.

The difficulty that has been found in stamping the disease out at Patterson is said to have been due to the unwillingness of doctors to report the cases. Dr. Rudolph has, however, wired the state board that he has had a meeting of the physicians and they have pledged themselves hereafter to turn up everything.

Although Dr. Pothier, of the Charity hospital, and physicians associated with him have made an explanation in the American Medical Journal of the character of the discoveries which have been made as a result of their investigations in the effort to discover the microbe of yellow fever, it is acknowledged by Dr. Pothier and investigators, who have been working independently that it is not yet possible to announce the discovery of the germ. Dr. Pothier has found certain hitherto undiscovered cells in the blood taken from patients during the first three days' illness, but until these cells are definitely located in the stegomyia during her period of infection, it will not be possible to announce the success of the investigations.

Two sets of investigators have been at work, one headed by Dr. Pothier and the other by Dr. Pearchinard, who stands in the front rank of the bacteriologists of the country. Dr. Archinard several weeks ago permitted the unofficial announcement of his discoveries, but has refused to discuss them pending the completion of the investigations.

The bacteriologists representing the government said today that so far as they knew, the identity of the germ had not been established.

The new public health association last night voted down a proposition to admit women to membership on the governing boards, but subsequently reconsidered the matter and referred it to the executive committee.

Miss Kate [illegible] of the women be formed. Mis Gordon said she thought that the women ought to stand on a level with the men in the government of the association.

One Death in New York.

New York, Sept. 27.—Jos Marcira, a coal passer, died of yellow fever today at Swinburne Island, New York's quarantine detention hospital. He was removed from the steamer Havana from Colon last Sunday night, but the fever did not develop sufficiently to be diagnosed until late yesterday. The body will be incinerated.

Situation at Pensacola.

Pensacola, Fla., Sept. 27.—Only suspicious cases were reported to the state board of health today up to noon hour and are expected that a number of new cases will be announced this evening. One death occurred late last night. This is in addition to the one reported yesterday. State Health Officer Porter issued a bulletin urging the co-operation of all citizens and asking that all cases be reported to him promptly.

STREET RAILWAY ASSOCIATION.

This Organization Is Holding Annual Meeting in Philadelphia.

Philadelphia, Sept. 27.—With the attendance materially increased the sessions of the annual meeting of the American street railway association were resumed today. The affiliated bodies of the chief organization, the American Association of Street Railway claim agents and the American Railway Mechanical and Electrical association, also held meetings.

At the session of the latter organization F. G. Simmons, chairman af the committee on way matters and superintendent of construction and maintenance of way of the Milwaukee Electric Railway and Light company, read a technical paper on "Welding of joint rails."

Fred N. Bushnell, chief engineer of the Rhode Island company, Providence, read a paper on "The power house," and the report of the committee on maintenance and inspection of electrical equipment was read by William Postell, of New York, the chairman.

Will Dynamite Sunken Ship.

Port Said, Egypt, Sept. 27.—A serious stoppage of traffic on the Suez canal is threatened owing to the necessity for blowing up of the steamer Chatham, which was sunk on Sept. 2 owing to the fact that she was on fire and that the flames threatened to reach a quantity of dynamite which formed part of her cargo. Since that time the wreck has obstructed the waterway, especially at night, as the wreck is entirely submerged. Divers tomorrow will place cases of blasting gelatine in the hold of the Chatham and these will be connected with an electric battery ashore, and the 800 hundred tons of dynamite in the wreck will be exploded Thursday morning.

Will Try to Break Record.

Victoria, B. C., Sept. 27.—Mail advices from Jokohama state that the steamer Koreas Pacific Main Steamship company, to sail from Yokohama on Sept. 17, with the Taft party of congressmen on board, will endeavor to make a record direct to San Francisco without coaling at Honolulu. Her Yokohama agents stated to the Japanese Advertiser she would endeavor to pass through the Golden Gate ten days from Yokohama. The trans-Pacific record of ten days, ten hours, is at present held by the steamer Empress of Japan of the Canadian Pacific railroad for the run between Yokohama and Victoria.

Dissention in Hungarian Diet.

Vienna, Sept. 27.—When the lower house reassembled today the opening moments were marked by tumultuous Democratic demonstration against the premier, Baron Gautsch Von Frankenthurn, who has incurred the wrath of the Social Democrats by his attitude on the question of electoral reform having advised the emperor to refuse to consent to the introduction of of universal suffrage in Hungary. The uproar lasted for some time, shouts of "resign" being

EXPLORERS HEADED FOR ARCTIC REGION

Expedition Will Visit Unexplored Part of Greenland.

TO BE LED BY DANISH EXPLORER

The Party Expects to Find Some Valuable Ethological and Scientific Records—This Is Second Trip of Explorer to This Icy Region.

Copenhagen, Denmark, Sept. 27.—Mylius Ericksen is preparing a Danish ship and a sledge party for an expedition to the hitherto unexplored regions of the northeast coast of Greenland.

The plans have been in course of elaboration since Ericksen's return from his last expedition and have been approved by many societies of scientists. The first expedition headed by Mylius Ericksen returned to Copenhagen Nov. 6, 1904, after two years and a half of exploration in Greenland, bringing valuable ethological and scientific records.

The explorers had lived with the natives and studied their language and customs during part of the time they were away. When they were found by whalers late in 1903, the explorers were living in company with eskimos in a tattered condition on Sanders island, and their food was almost exhausted, their reliance being upon the eggs which were to be found on the island.

Powers to Control Macedonia.

Constantinople, Sept. 27.—A collective note from the six powers has been handed to the porte eclaring that their decision to take international control of the finances of Macedonia is inalterable. The note informs the Ottoman government that the foreign delegates appointed as controllers will arrive at Salonica Oct. 1, and requests that the necessary instructions be sent to the provincial authorities so that the delegates may enter on their functions without delay. There is increasing friction between the British embassy and the porte in consequence of the dalay in the payment of an indemnity to the owners of British shows attacked by Arab pirates in the Red sea.

Palma Forces Are Victorious.

Havana, Sept. 27.—Complete returns from the entire island, which have been delayed owing to the bad condition of the telegraph service, show that in the elections Saturday last for members of the election boards, the supporters of the government were victorious in every province, not having lost one important place. The victory was so complete that it is now generally admitted to mean the re-election in December of President Palma and the election of the vice presidential candidate, Mendez Capote, the leader of the moderate party.

Disastrous Fire at Spokane.

Suokane, Wash, Sept. 27.—A disastrous fire broken out in the wholesale and shipping section of Spokane early today which completely gutted three brick buildings. The total of fire loss will approximate $200,000. The heaviest losers are the Boath-McClintock company, wholesale grocers $100,000; the Cudahy Packing company, stock, $40,000; C. H. Weeks, building occupied by Pacific Transfer company, $25,000; Dr. C. P. Thomas, owner of the Cudahy building, $10,000; Robbins, Pratt & Robbins, furniture, $6,000. The cause of the fire unknown.

Reinforcements at Baku.

Baku, Caucasia, Sept 27.—Reinforcements totalling 11,000 men with three batteries of artillery, have reached this city. The governor has issued an order forbidding the troops under any circumstances to fire on houses occupied by foreign consuls. Should, however, shots be fired from these buildings at the troops, landlords will be heavily fined. The proprietors of the naphtha wells and renters have been ordered, under pain of arrest, to pay all the arrears of wages due to their employes.

CHILD KILLED BY AUTO.

Nine-Year Old Boy Is the Victim of Motor Car.

Atlanta, Sept. 27.—Branch Lewis, Jr., the 9-year-old son of Branch Lewis, of 115 Crew street, former member of the city council, was struck and killed Monday night by the 4-cylinder automobile of Martin Amorous, No. 161.

Mr. Amorous was not in the auto at the time of the accident, and did not know that it was out. The machine was driven by a mechanic in the employ of the Oldsmobile company, at 103 North Pryor street.

The accident occurred on Washington street, near the corner of Clark street, where a number of children were enjoying themselves, about 7:15 o'clock under the electric light.

The little boy was picked up by the machine and hurled for some disance He was immediately taken to his home by two men and a number of surgeons were soon in attendance.

From the very first it was evident there was no hope for his recovery. His body was cut and bruised and his skull was fractured at the base.

He lingered for several hours, constantly growing weaker, and at 11 o'clock, surrounded by the members of his family, the little boy died.

ONE KILLED; MANY INJURED.

Wreck on Alabama Great Southern Railway Near Birmingham.

Birmingham, Ala., Sept. 27.—One man was killed and 27 were more or less injured in a collison between a northbound fright train on the Alabama Great Southern and Blocton accommodation, on the Birmingham Mineral, at Woodstock crossing.

There was a misunderstanding as to which had the right of way over the crossing, and the engine of the fright train crashed into the two rear coaches of the passenger train, badly damaging them both, and it is regarded as miraculous that more people were not killed.

H. H. Harburry, of Birmingham, the conductor on the accomodation train, was instantly killed and 27 passengers injured. Sixteen were white and eleven were negroes.

Farmers' Union to Hold Meeting.

Atlanta, Sept. 27.—President C. S. Barrett, of the Georgia Farmers' union, was seen in Atlanta Monday and announced the program for Farmers' union day at the state fair, Oct. 12. The Farmers' union has about 40,000 members in the state. There will be a meeting the leaders in Atlanta on Tuesday, Oct. 10. On Wednesday the union will hold a state convention at the capitol. There are 1,000 lodges in Georgia, and every one will send delegates. On Thursday, Oct. 12, there will be public exercises at the state fair. Addresses will be delivered by "Father" Gresham, founder of the organization; Messrs. O. P. Pyle, of Texas; Secretary Duckworth, of the Georgia division; Hon. John Temple Graves and Mr. Jerome Jones, of the Journal of Labor.

Councilmen Go To Jail.

Omaha, Neb., Sept. 27.—Five city councilmen, Dybali, Bach, Evans, Huntington and Shroeder, were sentenced to 30 days in jail and to pay the cost of an injunction suit, for violating the provisions of which they were sentenced. These five members of the council were enjoined by Judge Sutton from passing an ordinance entering into an agreement with the Omaha Gas company for the extension of a gas franchise. They were served with the injunction of the court, but passed the ordinance the following day. They were cited for contempt and were given the sentence mentioned.

King Severely Censured

Pesth, Pest, Hungary, Sept. 27.—The executive committee of the coalition parties summoned to discuss the situ presented to the Hungarian leaders by the king-emperor, has passed what amounts to a severe vote of censure of [illegible] majesty and his advisors. The committee in the resolution expresses the deepest regret that the king-emperor did not listen to the statesmen summoned by him to Vienna, who represent the majority in the Hungarian parliament and constitute, therefore, the leaders of the nation in its public affairs.

PEACE TREATY NOT PLEASING TO JAPS

Editor Kayahara Says There Is Much Dissatisfaction.

MINISTRY WILL BE DISSOLVED

The Japanese Emperor Is Receiving Memorials from His People—No Glad Hand for Baron Komura in the Mikado's Land.

Seattle, Wash., Sept. 27.—Kentaro Kayahara, editor of the Yorudzu Cho-ho, one of the leading papers published in Tokio, is in Seattle.

Mr. Kayahara stated that his personal observation led him to believe that practically all of the people of Japan are dissatisfied with the peace treaty.

"Baron Komura will not be received with funeral rites when he reaches Tokio, nor will he be received with shouts of glad acclaim," said Mr. Kyahara.

"I believe that the present ministry will be dissolved soon, because the people are clamoring for the resignation of the cabinet and the emperor is giving personal attention to the memorials to the throne. The people of Japan demand a new cabinet, and I think they will win."

Narrow Escape from Cremation.

New Orleans, Sept. 27.—Fire gutted the four-story printing house of Walle & Co., Ltd., at 525 Gravier street. The building is just beyond the ten-story Lyons drug house, and general alarms brought practically the whole department to the scene. The fire was practically confined to the Walle building. The fire started in the fourth story, where there was about 30 girls employed. They escaped safely. The house was engaged in fine printing and lithographing. Loss on stock, $75,000; insurance $40,000. Loss on building $15,000.

Officers Go After Prisoners.

Montreal, Sept. 27.—Two United States officers are expected to arrive here tomorrow commissioned to escort Messrs. Gaynor and Greene to Savannah, Ga. Their case is now in the hands of the minister of justice at Ottawa, and as the law governing the situation is very definite, he has no option but to order their deliverance to the men appointed to receive them. It is not known whether their counsel will take any further effort to prevent their extradition.

Two Men Killed in Wreck.

Fort Worth, Tex., Sept. 27.—A dispatch to the Telegram from Muskogee, I. T., say that in a wreck on the Missouri, Oklahoma and Gulf railroad at Grandview, 10 miles south of Muskogee, today two men were killed. The names of the dead men are C. W. Williams, conductor; Eugene Mein, engineer. The men were in charge of a construction train, which ran into a drove of cattle. The engine turned over, crushing both men.

Fast Train Derailed.

St. Louis, Sept. 27.—The general officers of the St. Louis and San Francisco railroad received a message today that the fast eastbound passenger train, known as the Meteor, was derailed near Claremore, I. T., but nobody was hurt beyond a shaking up. The engine tender, mail and baggage car, and the two chair cars left the track, while running 40 miles an hour, but they remained right.

Honor for General Booth.

London, Sept. 27.—The corporation of the city of London today unanimously resolved to confer the freedom of the city on General Booth of the Salvation Army in "recognition of his work for the general and social salvation of the people." This is regarded as a unique recognition of [illegible] which is accustomed to bestow freedom only on members of royal families, military and naval heroes, statesmen of marked per-

DR. WILLIAMS A GOOD FARMER

Harvested 38 Bales of Upland Cotton From 21 Acres.

HAY CROP WAS PROFITABLE

It Is Said That Last Year He Netted $6,000 on This Crop Alone, and Expects to Realize $10,000 the Coming Season—A Practical Man.

Dr. Abner R. Williams, who conducts a large farm of 1,400 acres near Alachua, upon what is known as the Barnes plantation, has demonstrated with considerable profit and satisfaction that farming in Florida pays, if it is conducted on business-like and practical principles.

Last year Dr. Williams, feeling confident that short staple cotton could be grown in this county at a greater profit than long staple, or Sea Island, as an experiment planted twenty-one acres, with the result that the plant thrived well and the harvest amounted to thirty-eight bales, which he marketed in Savannah at 11 cents per pound.

But Dr. Williams' long suit is hay, and every year he makes a good thing financially from this crop. Last year he netted $6,000 on hay, and the coming season expects to realize $10,000. He has been accustomed to bale his hay and sell at $16 per ton, f. o. b., at his farm, which is on the Atlantic Coast Line. The production is said to be as fine as is grown in the United States, and the demand is ready, the greater part of the crop being sold to Tampa wholesale merchants.

Dr. Williams believes that if the farmers would become cured of this long staple fever and plant short cotton and more of other standard crops, they would in the end find the experiment more profitable.

KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

MOZLEY'S LEMON ELIXIR.

IS EXTENDING BUSINESS.

Gainesville Fish Company Will Establish Camp at Gulf Hammock.

The Gainesville Fish Company, of which John L. Chesser is manager, which has been engaged in the fishing business at Alachua Sink for the past two years with great success, finds the demand so great that the supply from this camp is inadequate, and as a consequence has decided to establish another camp at Gulf Hammock, five miles distant from Otter Creek, which will be the shipping point.

Few people realize the importance of the fishing industry in this vicinity. Mr. Chesser stated that the demand is so great he could dispose of five carloads per day if he could get them. This firm ships fish to points all over the lower South.

Sprains.

S. A. Read, Cisco, Tex., writes, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to anyone suffering from sprains." Sold by W. M. Johnson.

HEAVY TRAIN ON THE SEABOARD

Train With Fifty-Two Cars and Two Engines Passed City.

NEARLY A HALF-MILE LONG

It Shows That People of the State Are Again in Good Condition, and That They are Prosperous—One of Longest Trains for Years.

Probably the longest and heaviest freight train ever carried through Gainesville, either before or since the fatal freeze, which dates in a commercial way the existence of our State, was that which passed south over the Seaboard Air Line Tuesday afternoon.

The train was one of the longest and heaviest ever pulled in the State, comprising fifty-two cars, two engines and caboose, which made a train nearly a half-mile long.

Another astonishing feature of this train was the fact that every car was either full or partially loaded, and was consigned from forty-seven different points in the United States to Gainesville and stations on the Cedar Key and Early Bird divisions of the Seaboard.

The Seaboard is enjoying an excellent freight and passenger traffic now, which is evidence that the State is prosperous. The day has passed when the people are dependent upon whatever may "turn up" for a living. The farmers and fruit growers are doing well, the merchant prospers, and as a whole the State is in the best commercial condition it has ever been.

Florida is not only in a healthy commercial condition, but the State is growing rapidly in population, and vacant lands are being taken up and cultivated everywhere. People from other States are becoming to recognize the advantages offered here, and are availing themselves of the opportunity to come to Florida and live with ease and luxury with less exertion than in other places. This does not mean that they will probably not have to work as hard, but the harvest will prove so much more prolific with the same labors.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world. At all drug stores; 50c and $1; guaranteed. Trial bottle free.

Funeral of Mr. Pellett.

The funeral of J. D. Pellett, the death of whom occurred at his home three miles west of the city Saturday, was held Sunday afternoon, the interment being in Evergreen cemetery.

The services were conducted by Rev. T. J. Nixon of the Methodist church, and many friends of the deceased gathered to pay their last respects. There were many handsome and fragrant floral decorations.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by W. M. Johnson.

Off to Tallahassee.

A number of young ladies, among whom were Misses Lena Baird, Pearl Whetstone, Gertrude Westgaard, Clara and Eva Dean, left for Tallahassee Tuesday, where they will enter the Woman's College. The people of Gainesville have a great deal of confidence in these young ladies and feel that they will not be disappointed in them.

A Clear Complexion and Bright Eyes.

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

HIGH SCHOOL FACULTY HAD A FINE MEETING

Faculty Was Organized With Great Deal of Enthusiasm.

PROSPECTS ARE EXCELLENT

For the Best and Most Successful Term the School Has Ever Had, Since Several Grades Have Been Added—Will Open Monday, Oct. 2.

An enthusiastic meeting of the University High School faculty was held at the Auditorium Monday morning, and preparations completed for opening school Monday next at 8:30 a. m. All the teachers were present, except the teacher for the sixth grade, who has not arrived yet.

Mr. Sheats, in a pleasant and entirely informal talk, outlined the general policy of the school and expressed the hope that the year's work would be the best and pleasantest in the lives of them all. He desired to co-operate with them, and earnestly bespoke their hearty support and co-operation; said that he would always be open to suggestions and desired them to consult him freely and as a friend and co-worker.

The faculty was regularly organized by the direction of Mr. Sheats as chairman and Mr. McBeath, the vice-principal, as secretary.

The elementary grades were then tentatively assigned as follows, Mr. Sheats explaining that not being acquainted with the special adaptabilities of the various teachers he reserved the right to make such changes in the assignments as the next few weeks might show to be the best for the interests of the school:

8th grade, Mrs. W. P. Coffey; 7th grade, Miss Annie DaCosta; 6th grade, (to be supplied); 5th grade, Miss Serena Shannon; 4th grade, Miss Nannie McIntosh; 3rd grade, Mrs. Sallie Zetrouer; 2nd grade, Miss Florence Balis; 1st grade, Miss Mabel Sanchez.

The faculty of the high school will consist of Hon. W. N. Sheats, principal; Tom F. McBeath, vice-principal, and Mrs. C. C. Powell, assistant.

It was decided to conduct the high school on the departmental plan.

The morning session will open at 8:30 and close at noon, the afternoon session opening at 1 p. m. and closing at 4. The session for the primary grade, however, will be shorter. It was arranged that the teachers, taking turn-about by couples, should remain on the school grounds at the noon hour.

It was agreed to request the parents to start their children from home in the morning so as to have them reach the school building not earlier than 8:15.

It was decided to have a commercial course, and a room will be fitted up for that purpose and a competent teacher secured.

Mr. Sheats requests that private families willing to take a few boarding pupils at reasonable rates communicate with him.

The outlook for the best school this city has ever had is very promising.

The curriculum of the high school is just a little higher than was that of the East Florida Seminary. Graduates of the high school can enter the freshman class at the University or the State College for Women without examination.

It was voted to allow Mrs. M. C. Brooks the use of the school piano until she can determine whether the size of her music class will justify her in renting one, and also to allow her the use of the Auditorium for her music class

FACULTY RE-ARRANGED.

Gainesville Graded and High School Now Complete.

After carefully considering the matter, Principal W. N. Sheats of the University High School has placed every teacher and the following is the result, as re-arranged yesterday:

W. N. Sheats, principal; Tom F. McBeath, vice-principal; Mrs. C. C. Powell, assistant high school; Miss Mary C. Bridges, eighth grade; Mrs. W. P. Coffey, seventh grade; Miss Annie DaCosta, sixth grade; Miss Serena Shannon, fifth grade; Miss L. Lewellyn, fourth grade; Miss Nannie McIntosh, third grade; Miss Florence Balis, second grade; Miss Mabel Sanchez, first grade; Miss Sallie Zetrouer, assistant in first grade.

Mesdames Maretta Brooks and Truss Denby will be in charge of the music. The instructor of the commercial department is yet to be supplied.

THEY WANT THE SUN.

Mrs. Chas. Ellithorpe Says She Cannot Get Along Without the Paper.

The Sun is in receipt of a highly appreciated letter from Mrs. Chas. Ellithorpe, formerly of Gainesville but now residing in Millington, Mich.

Mrs. Ellithorpe orders The Sun continued, and adds that both her husband and herself are anxious for the paper. "We still love Gainesville and our friends there," she says, "and the only way to keep posted as to their doings is to read your valued paper."

Mrs. Ellithorpe states that a frost occurred in Millington on the 10th inst., and the weather is quite cool there. The farmers are hustling to get their corn harvested, and the threshing machines are busy.

Little Miss Annie Ellithorpe, who has many friends among the young folks here, is attending school regularly, and it will be interesting to know that she is well advanced in her studies.

G. & G. Changes Schedule.

The Gainesville and Gulf Railroad has a change of schedule which it will be well for the traveling public to remember. The train originally leaving Gainesville for Sampson City and connecting with the Georgia Southern and Florida for Palatka and Macon at 6:15 o'clock now leaves at 6 o'clock. There is no change in the morning train for the same point and making the same connection, which leaves Gainesville at 6:30 o'clock.

The train leaves Gainesville for Fairfield at 12:30 p. m., and returning arrives in Gainesville at 5 p. m. This will give passengers from Gainesville time to visit Micanopy, transact their business and return the same day, an advantage never before offered by this road.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

W. H. SIBLEY,

PHYSICIAN AND SURGEON.

Dry hot air, medicated vapor baths and electrical treatment will be used in connection with medicines in the treatment of diseases of whatever nature or duration.

THE NEWS FROM MELROSE.

Interesting Meeting of Temperance People—Other Notes.

Melrose, September 26.—The temperance rally for Putnam and Clay counties, held at the town hall on Thursday, p. m., was well attended. Geo. W. Riles presided and the principal speakers, Rev. J. D Kendrick of Lake City and L. R. Lynn of Palatka, made some very excellent points in favor of the temperance cause.

The Webb cottage on Center street is being much improved and will be occupied by Dr. F. K. McRae in the near future.

Mrs. F. O. Parker and baby are visiting her mother, Mrs. J. Moore.

Keiffer pears are still being shipped, although the returns are not very satisfactory.

Mr. and Mrs. F. S. Carrier have returned from Asheville, N. C.; also Mr. E. F. Ford and family from California.

At a special council meeting held on Thursday, M. S. Baldwin was elected to fill the unexpired term of councilman, vice W. A. Vogelbach, resigned. The street committee was instructed to secure bids for mending sidewalks and removing the weeds, and submit the same at the next regular meeting, October 3rd.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostrate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostrate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

Closed for the Season.

The last of the union Sunday services for the summer were held at the Baptist church Sunday evening and there was a large attendance. Rev. Thomas P. Hay of the Presbyterian church had charge of the services, assisted by Rev. T. J. Nixon of the Methodist church and Rev. Stuart B. Rogers of the Baptist church. The sermon was delivered by Rev. Francis H. Craighill of the Episcopal church and was a very able discourse.

A pleasing feature of the service was the solo by Mrs. Maretta Brooks, "Nearer My Home." Mrs. Brooks has a voice of considerable sweetness, and her rendition of this touching selection was highly creditable.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world." Sold by W. M. Johnson.

A Fine Portrait.

The people of Gainesville feel proud of such a talented artist as James F. Smith, who is regarded among his profession as one of the best.

Mr. Smith is a specialist on portrait work, which he followed exclusively in Cincinnati for many years prior to coming to Florida. One of his latest creations in water color is a portrait of Mrs. W. T. McCreary, deceased, who resided at Cedar Key. The work is perfect in every way and is a great credit to the artist.

Few photographers in the South, if any, are superior to Mr. Smith, and the people show their appreciation by patronizing him.

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed at 50c a bottle.

The sponge business at Tarpon Springs is booming at the present time.

There is considerable opposition to granting the Bell Telephone Company a franchise at Orlando.

The school teachers at Tarpon Springs were all three out of school last week on account of dengue fever.

L. W. Montgomery has been arrested at Jacksonville for embezzling $350 from a colored Knights of Pythias lodge.

Two negroes were bound over Tuesday in Tampa for selling liquor without a license. Blind tigers, as it seems, in a wet county.

Many orange growers around Kissimmee are shipping green oranges to the markets, and it is feared it may injure the Florida orange industry.

Stetson University at DeLand was opened with a large attendance. This excellent school has been steadily growing each year in popular favor.

S. Anderson, T. J. Merritt and Van Johnson were fined $100 for carrying concealed weapons by Judge Gordon of Tampa on Tuesday. They will work it out.

Ybor City has recently added thirty-three Italian families to its population. We don't know what figure to multiply the thirty-three by to get at the increase in population by their arrival.

For the first time the wireless station on Anastasia Island was got in communication with Jupiter Island, Sunday evening. A severe storm interfered with the messages but they were intelligible.

Joseph E. Pfeifer of Orlando, who has lately returned from a visit to the Fatherland, found two boys in New York whom he adopted and will give them a home. He found them in the Boer colony that is producing the mimic scenes from the Boer War at Coney Island, one having served against the English and lost a hand.

Kin Griffe, the little boy who recently mysteriously disappeared from his home in Titusville, has at last been located at the home of his uncle, Braswell Griffe in Starke, where he is contentedly playing with his cousins. He insists that he will not return to Titusville. Someone at home teased Kin by telling him that he would have to get married, and this frightened the little fellow to such an extent that he ran away.

THE YELLOW FEVER.

No Deaths at Pensacola—Heavy Rain at New Orleans.

Pensacola, Sept. 27 —The people are feeling somewhat better over the fever outlook. From 6 p. m. yesterday until noon today there were only three new cases, while from 6 p. m Monday until 6 p. m. yesterday there were eight new cases and two deaths. Total number of cases to date, 112; total deaths, 14.

At New Orleans.

New Orleans, Sept. 27.—From 6 p. m. yesterday to noon today there were 14 new cases and five deaths. For 24 hours up to 6 p. m. Tuesday there were 31 new cases and five deaths. Total cases to date are 2,918, and total deaths, 877. The heaviest rain for several weeks has wrought much injury to the work of checking the fever.

CARTER BUYS PROPERTY.

Has Purchased Property in East Gainesville and Will Build Nice Home.

N. R. Carter evidently believes in the future of Gainesville. He has purchased a desirable lot on South Carter street, East Gainesville, near the home of Postmaster Arnow, and proposes in ashort time to erect a neat two-story modern residence.

Work upon this building will begin as soon as material can be secured. Gainesville has been progressing in leaps and bounds. THINK OF IT!

This Pretty Matron Had Headache and Backache, and Her Condition Was Serious.

PE-RU-NA CURED.

MRS. M. BRICKNER.

99 Eleventh Street, Milwaukee, Wis.

"A short time ago I found my condition very serious. I had headaches, pains in the back, and frequent dizzy spells which grew worse every month. I tried two remedies before Peruna, and was discouraged when I took the first dose, but my courage soon returned. In less than two months my health was restored."—Mrs. M. Brickner.

The reason of so many failures to cure cases similar to the above is the fact that diseases peculiar to the female sex are not commonly recognized as being caused by catarrh.

FEMALE TROUBLE NOT RECOGNIZED AS CATARRH.

Catarrh of one organ is exactly the same as catarrh of any other organ. What will cure catarrh of the head will also cure catarrh of the pelvic organs. Peruna cures these cases simply because it cures the catarrh.

If you have catarrh write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

FREE TRAINING FOR NURSES.

Young Women of Small Towns and Country Districts to be Favored.

By the terms of a fund to be administered in connection with the Philadelphia School for Nurses, Witherspoon Building, Philadelphia, a number of young women from every county will receive free training in nursing. It is planned to ultimately reach and help in this way every township and village.

The young women will be provided with room, board, nurse uniforms and all the refinements of a well-appointed Christian home. At graduation the diploma of the School and the Order of the Red Cross will be conferred, qualifying for practice in any State or county; the railroad fare will then be paid back home.

Those applying and chosen to receive the benefits of this fund will be given two years' training, with a rich experience in nursing the sick poor of the city under skilled leaders. The term may be shortened to eighteen months by taking a preliminary course of six months' reading and study at home. A special short course enables young women to quickly qualify themselves for self-support and a substantial income.

In addition to regular nursing, the young women are taught how to preserve their own health; how to recognize, avoid and destroy contagion; how to establish and maintain perfect sanitary conditions about the home; they are prepared for positions as office nurse and physician's assistant; they get a practical knowledge of city mission movements, deaconess training, college settlement work, and are also trained for special positions of trust in institutions.

The School is ten years old and is endorsed by physicians, leading educators and prominent men throughout the country.

Schedule is Bad.

F. M. Ramsey of Wacahoota was in the city yesterday. Mr. Ramsey states that the discontinuing of the train over the Gainesville and Gulf Railway south of here, which arrived in Gainesville in the morning and returned in the afternoon, would work a great inconvenience on the part of the people of that section who have become accustomed to coming to Gainesville to do their trading. With the present schedule it is impossible to make a round trip in one day. Superintendent Barker of the Gainesville and Gulf states that this arrangement is only temporary, however, and that the train will be put on again in a short time.

PUTNAM COUNTY "WET."

The Election in That County Tuesday Went Against Local Option.

According to a report in The Jacksonville Metropolis of Wednesday evening, the vote on local option in Putnam county on Tuesday was carried in favor of license by a majority of 65. Both sides put up a strong fight and the city was carried for saloons by 195 votes. It is stated that several places that were counted on for large majorities in favor of local option were very close.

Suffering from Hallucinations.

New York, Sept. 27.—The police and a physician today decided that Christine Grossman, the 11-year-old girl, who was found unconscious from alleged robbers' attack in her home yesterday, was suffering only mental hallucinations. Near the place where she was found a search revealed a demand for $900 written on the back of her mother's picture which was hung with its face to the wall. A demand for $200 was written on the back of her own picture. The police comparing the handwriting on these pictures to that which were in Christine's school copy book, declared that the girl herself had written the demands.

Charged with Killing Sister.

Richmond, Va., Sept. 27.—Jimmie Epps, an 8-year-old boy and his mother have been arrested and lodged in jail at Williamsburg, Va., charged with the killing of the boy's 6-year-old sister, Matilda, who died recently. The boy is said to have beaten his sister with a brick, but insists that he acted at the instigation of his mother, who, he says, also beat the child. The body of the dead child was exhumed and it showed a number of injuries, one of which alone, a fracture of the skull, was declared by physicians to have been sufficient to cause death.

Life Savers Rescue Crew.

Graham, Mass., Sept. 27.—An unknown three-masted schooner, loaded is ashore on Pollock rip and is in danger of being broken to pieces. The crew of the Monomoy life saving station discovered the vessel at daylight. The life savers succeeded in boarding the schooner after a hard pull through a choppy sea. A strong north wind is blowing and the crew of the schooner and the life savers will have a difficult task in returning to shore.

No New Cases of Cholera.

Berlin, Sept. 26.—5:34 p. m.—The official bulletin issued today announced that no new cases of cholera nor no deaths from cholera had been reported from noon yesterday to noon today, thus leaving the totals unchanged. The new cases reported by newspaper correspondents at Bromberg and Marienwerder appear to have been previously reported officially.

Operation for Nasal Difficulty.

New York, Sept. 27.—Dr. P. Holbrook Curtis, who yesterday performed an operation on the Duchess of Marlboro (formerly Miss Consuelo Vanderbilt) said today that the operation was not for the throat trouble as reported, but was for a nasal difficulty. It was performed to remove a slight deafness which resulted from a fall received by the duchess in her youth.

Death of Sheriff Pickett.

W. Bloxham Pickett, sheriff of Duval county, died at his home in Jacksonville on Wednesday morning, September 27, 1905, aged 33 years. He was ill only a short time, being on the streets Saturday. He was a native of Duval county, a good citizen and faithful officer. His death will cause universal sorrow in his home county and throughout the State where he is known.

New York is getting to be as bad as Miami, highway robberies being reported from both cities.

The Ocala Banner springs the old, time-honored paragraph, "Prohibition does not prohibit." That is a corker.

Arkansas has shut down on Florida oranges coming into that country. Sulphur will probably be quarantined next.

It is said that President Roosevelt may make New Orleans his final stop. That depends on whether he gets quarantined.

The government wins the election in Cuba and there was no disorder except in one province. Palma has been endorsed by the people.

The new divorce law of Georgia, which gives a legal separation between man and wife in 120 days, is expected to add to the attractions of that State.

Venezuela has removed France from the list of her callers, but the special commissioner has not yet had his hat peg drove in at the home of President Castro.

The Kansas City State Bank has gone into voluntary liquidation, but the Fidelity Trust Company will honor all checks. Loans to another concern brought the crash.

Pensacola is bound to go ahead, yellow fever or no yellow fever. Some of the men are such hustlers that they don't stop for a case of fever, but go about their business until run in by the quarantine officers.

There has not been an able-bodied tramp in Gainesville this season. There has been no occasion for a man to be idle who wanted to work. There are few States in the Union that can show a better record on the tramp question than Florida.

There are many things relating to freight shipments that should be remedied, and many trifles that should not receive attention. A fair adjustment of rates between the railroads and shippers ought to be had without any serious discord.

The people of Florida sympathize with suffering Pensacola in their hour of affliction, but it seems as though those who are struggling with fever would stay at home and take their medicine rather than disobey the orders of Dr. Porter, thus making matters worse.

"Thou shalt not steal," was the subject that Rev. Lincoln Moore of the Riverside Baptist Church, New York city, took for his text Sunday, in preaching a sermon on the New York Life Insurance Company's unsavory practices. He denounced Mr. McCall in no uncertain tones.

A county commissioner down in Hillsborough county is said to have established a new record for economy. At a recent meeting of the board he kicked on a bill for "ribbons for the typewriter." "She's a nice girl," he said, "but the county is under no obligations to buy her clothes, I don't think."—Pensacola Journal.

THE COMING BOND ELECTION.

There is no doubting the fact that there is considerable opposition to the proposed issuance of bonds for the purpose of buying the electric light and gas plant, or the construction of an independent plant to be operated by the city. The general opinion is that this question should be submitted to the people separate from the question of bonding for sewerage and street improvements. To the latter there is no opposition whatever, for the people realize the great necessity for these improvements. It has been suggested to the editor that the people are perfectly safe in voting for the issuance of bonds as proposed by the ordinance to be submitted on October 10th, for the reason that the electric and gas plant now owned and operated by a private corporation cannot be purchased for the sum proposed, and that it would not pay the city to put in an independent plant, hence the proposed fifty thousand dollars in bonds for that purpose would not be issued. This is a matter for the voters to decide. We are not sufficiently versed in the revenue derived from the gas and electric light plant to be able to advise the voting for or against bonds for this purpose. The matter will be presented pro and con before election day, and the responsibility for the result of the election will rest with those who exercise the right of franchise which has been conferred upon them by the laws of the land.

HOMESEEKERS.

It is observed that the railroads leading into the Southwest embracing Texas, Oklahoma, New Mexico and the Indian Territory, are selling round-trip tickets for three-quarters the regular one-way fare. These tickets have full stop-over privileges and are good for twenty-one days. They are for sale twice each month for the next three months and there will be a great rush to the section covered by them. This is a good deal better than the roads leading to Florida have been able to secure or give to this section. It is to be regretted that the roads running to and through the South are so much weaker than the Western roads that they cannot get nor give what they want for their patrons. It would be worth a million dollars a year to Florida to get an extension of the Frisco from Birmingham into the State. The Frisco is a road that does things, and its phenomenal growth for the past dozen years is chiefly due to that fact and to its dispensing with leading strings.—Tampa Herald.

These tickets are issued to homeseekers, and if we mistake not, as good rates can be obtained to Florida as are given to Texas, Oklahoma, etc., and all that is needed is a few hustling men to pull at this end of the string. We have plenty of land in Florida that does not need to be drained, which should be put on the market, and if the owners of large tracts would give away every other eighty acres to actual settlers, they would then sell the remaining land to pay them well.

A NEW ANÆSTHETIC.

To an eminent Georgian is due the credit for the discovery of anæsthesia, the greatest boon ever given suffering humanity, says The Atlanta Constitution. In these days of painless surgery, little thought is given the horrible sufferings of those earlier days when such a thing as an anæsthetic was unknown.

The attention of the medical world has just been drawn to a new anæsthetic for which wonderful properties are claimed. This is called "scopolamine," and Philadelphia dispatches tell of some remarkable results obtained from it.

This is said to have marvelous properties. One thirty-second of a grain is all that is necessary to produce unconsciousness. The drug is injected hypodermically, the patient falls asleep in the most natural way and knows or feels no disturbance even after he awakes. This is usually five hours after the anæsthetic be been used.

In the experiments at St. Agnes' Hospital, Philadelphia, the surgeons do not begin their operations until about two hours after the injection of the fluid, and it is claimed that the best possible results have been obtained.

BROWN IS PRESIDENT.

We take pleasure in announcing to the public that Col. Thos. J. L. Brown, president of the State Fair Association at Tampa, has reconsidered and withdrawn his resignation from that position, and is now determined to work harder than ever for the success of the great State Fair, to be held November 15 to 30. Col. Brown has successfully managed the great Tampa Bay Hotel several years, and although his bid was higher, the property was recently leased by the Board of Public Works of Tampa to other parties, making it necessary for Col. Brown to take up other business propositions in New York. However, in view of the great amount of money already spent in promoting the Fair, and in view of the further fact that hundreds of friends throughout the State have asked him to remain, Col. Brown will do so, and respectfully requests the entire State to give a hearty support to the movement. Everybody should feel an interest and work for the success of the Fair.

SUNSTROKES.

It must be dreadful to suffer the pains of being wealthy.

Health experts meet in Boston to fight disease. It will probably be a glove contest.

If the railroads would have more safety appliances and not so many rules, the lives of the traveling public would be more secure.

Marriages should not be consummated without love. Even a large sum of money and social standing should not be considered without there is love.

Macon, Ga., must be a queer spot. It is announced that "lack of rain brings a drouth." The same thing might happen in other localities, however.

Ohio bobs up even at the Annapolis academy. An Ohio boy is the strongest of the whole naval school. He will no doubt develop into a great campaign worker.

A man who was asked why he had never married, handed the inquiring friend his bank book. No further questioning was necessary, as the inquirer was a dealer in dry goods.

Many of the new residences on South University street which have been built this season and are in process of erection, are very attractive. The two new ones being erected by W. N. Wilson on the old Plaza Hotel lot are going to be both convenient and very tasty in looks. Such buildings speak well for the city and will secure good tenants. This thoroughfare is on the main line of traffic to and from the Seaboard Air Line depot, and people who arrive by that route will form a good impression of the city by seeing a long line of well-kept homes along the street. Often the first impression is lasting, and if our people would bear this in mind and keep their premises looking tidy, it would be a good thing in encouraging new-comers.

The satisfaction of having the truth squarely brought out regarding the extorting of money from the corporations to carry on the last presidential campaign by the Republican party, is quite equal to a victory through dishonest methods. But the statement by President McCall that Parker got money, too, is very flimsy, when the man with the money-bags doubted the Judge's sincerity in favor of honest money. Hustle up that monument for President Roosevelt, before Davenport suggests one.

The Japs have something which is just as good as a $600,000,000 cash indemnity in the peace settlement. She secured railway lines worth $260,000,000, coal mines worth not less than $160,000,000 and fishing rights that will be worth about $10,000,000 a year. Besides, the practical suzerainty over Korea, her undisputed possession of Port Arthur and other spoils of war taken in battle amount to a handsome consideration.

The only trouble with Editor Stovall running a hotel will be that he will keep the "devil" busy cleaning up any "pi" that may be found about the premises.

WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Boston and One in Nashville, Tenn.

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, ovarian troubles, ulceration, falling and displacements of the womb, leucorrhœa, or perhaps irregularity or suppression of "monthly periods," causing backache, nervousness, irritability and lassitude.

Women who stand on their feet all day are more susceptible to these troubles than others.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Miss F. Orser of 14 Warrenton Street, Boston, tells women how to avoid such suffering; she writes:

Dear Mrs. Pinkham:—

"I suffered misery for several years with irregular menstruation. My back ached; I had bearing down pains, and frequent headaches; I could not sleep and could hardly drag around. I consulted two physicians without relief, and as a last resort, I tried Lydia E. Pinkham's Vegetable Compound, and to my surprise, every ache and pain left me, I gained ten pounds and am in perfect health."

Miss Pearl Ackers of 327 North Summer Street, Nashville, Tenn., writes:

Dear Mrs. Pinkham:—

"I suffered with painful periods, severe backache, bearing-down pains, pains across the abdomen; was very nervous and irritable, and my trouble grew worse every month.

"My physician failed to help me and I decided to try Lydia E. Pinkham's Vegetable Compound. I soon found it was doing me good. All my pains and aches disappeared, and I no longer fear my monthly periods."

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all these troubles. It strengthens the proper muscles, and displacement with all its horrors will no more crush you.

Backache, dizziness, fainting, bearing down pains, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause—will be quickly dispelled, and it will make you strong and well.

You can tell the story of your sufferings to a woman, and receive helpful advice free of cost. Address Mrs. Pinkham, Lynn, Mass.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

JUSTICE COLMAN'S COURT.

Man Charged With Shooting Cow Released Under Bond.

Justice Colman had two cases before him Wednesday. The first alleged offender of the law was Rev. S. A. Adams, a colored resident of the Arredondo section, who was charged by F. M. Ramsey with shooting a cow, the property of the plaintiff. Adams waived examination through his attorney, Evans Haile, and gave bond for his appearance before the grand jury at the next session of the circuit court.

POPULAR PEOPLE MARRY.

Two Young People Who Marry Are Greeted by Many Friends.

The marriage of Charles Victor McKinstry and Miss Janie Taylor occurred at the First Presbyterian Church in this city at 7 o'clock Tuesday morning and was one of the swellest and most up-to-date events in the matrimonial line that has transpired in Gainesville for some time.

The friends of Mr. McKinstry and Miss Taylor have been anticipating for some time this delightful function, which was the result of the large attendance, notwithstanding the hour was early.

The church was handsomely decorated in floral designs and those present appreciated the designs in exclamations of enjoyment.

The bride was attired in a traveling dress of silk, octoroon brown, while the groom wore the conventional black. When they entered under the strains of Mendelssohn's wedding march it was natural that all eyes should be turned upon them.

Rev. Thos. P. Hay of the First Presbyterian Church performed the ceremony in a very appropriate manner. At the conclusion of the service and after the congratulations of friends, Mr. and Mrs McKinstry left for Jacksonville and points on the East Coast, where they will spend their honeymoon.

The groom is a son of Dr. and Mrs. J. F. McKinstry, Sr., and very prominent here, being engaged in the mercantile business. The bride is one of Gainesville's fairest young ladies, a daughter of Mr. and Mrs. A. W. Taylor, and has many friends in this city who will wish her well.

GAME IS PLENTIFUL IN GULF HAMMOCK

Huge Bear Captured and Almost Killed a Young Calf.

HOTEL WILL SOON OPEN

Under New Management, and Will be Conducted on an Up-to-Date Scale. Fishermen and Hunters Coming After Game—New Fishing Camp.

Gulf Hammock, Sept. 25.—Autumn is here, as everything denotes. The wild flowers are in bloom and the bright little yellow butterflies are flitting about from bush to vine in such a merry way that it makes life worth the living just to look upon the merry little insects and flowers.

Mrs. Loula Thomas of Jacksonville has taken charge of the Gulf Hammock Hotel for the winter, and will put new life in the old house. Mrs. Thomas will have chambermaids, cook, and general help that are so badly needed here, and Gainesville people can count on being well fed and roomed, when the come down to kill a Gulf Hammock deer.

H. G. Cassels and a colored man, while out hog hunting last Tuesday, found where a large bear had just caught and crippled a calf. The bear had run the calf some little distance before he overtook it. The calf was down helpless, badly bitten through the shoulders and neck. There is not a bear dog in the Hammock, so "Br'er Bear" roams around at will. This calf was caught within a mile of the post-office, so we will send a standing invitation to Sheriff Fennell to come down with his cat dogs and have a bear hunt.

Misses Brenner and Tonnerlier are at the hotel assisting Mrs. Thomas in arranging the house for the October opening.

Wagons from the pine woods are coming in pretty often for their fall supply of fish. This is a great place for hunters to come every fall for game and fish.

The Gainesville Fish Company, with J. L. Chesser manager, are putting in one hundred and sixty of Cassel's patented fish traps, besides having several men employed to fish with nets. They are going to haul their fish to Otter Creek and ship from that point.

H. Waters and C. Waters returned home Thursday from a business trip to Evinston. They moved into the hammock in August from Evinston and are hewing themselves out farms in Gulf Hammock. We welcome all such people here.

USHING MACHINE IS NOW AT WORK

eral Carloads of Flint Rock Have Been Received.

RK SOON TO COMMENCE

West Liberty Street, and This Will Followed by the Paving of Other horoughfares Until the Entire City Paved.

The crusher recently purchased by ity Council has "got busy," and e past two or three days has doing good service near the ville and Gulf railroad depot, t has been placed in commis-

e material to be used in the con- truction of West Liberty street is the nest grade of flint rock, and comes from the Cannon quarries, Rocky Point. Several carloads of the mate- ial have already been delivered, and the same is unloaded from the car di- ect into the crusher bin, making only he transfer. The material is said to the finest for surface work in the ate.

The foundation of the street will be some soft substance, probably Ala- a rock, which will be laid for a kness of about four inches. The roughfare will be surfaced with the , which will make a hard; most de- ble and lasting roadway.

The street committee, of which ouncilman W. B. Taylor is chairman, e fully alive to the necessity of good reets, and it was largely through the fluence and work of this committee, hich is comprised of Councilmen aylor, Hodges and Cushman, that e expenditure for street-building achinery was made. It was an ex- enditure, however, which will prove great benefit to the masses, as good treets are enjoyed and appreciated by all alike.

As soon as a sufficient quantity of rock is crushed a force will be put to work grading the street, and the paving "gang" will immediately fol- low.

It will require some time, but the people who have the matter in hand are determined to have good streets, which is one of the most essential im- provements of any progressive town or city.

THE YELLOW FEVER.

Many New Cases at Pensacola and Several Deaths—New Orleans.

Pensacola, September 26.—Since last night the fever has been gaining, 25 new cases being reported yesterday and one death, with four new cases up to noon today and two deaths. The people are anxious to leave town for safety, but the detention camp is not ready. Several men on board vessels are reported sick with fever.

At New Orleans.

New Orleans, September 26.—From 6 p. m. yesterday until noon today there were 11 new cases and no deaths. With September nearly gone, the yel- low fever is well under control.

At Other Points.

A case of fever is reported from Brent, four miles from Pensacola, and a suspicious case at Milton.

In Mississippi there are new cases at Natchez, Vicksburg, Gulfport, Mis- sissipi City and Roxie.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo , who has practiced medicine for 32 years, says he has used every prescrip- tion known to the profession for treat- ment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

Negro Woman Cause of Murder.

New York, Sept. 26.—In a quarrel between two white men over the af- fections of a negro woman, a murder was committed last night in Oyster Bay. The victim was John Murray, a laborer. He was shot by an Italian, who escaped with the authorities in hot pursuit. The murder occurred in an alley just off one of the principal streets of the town.

Periodic Pains.

Dr. Miles' Anti-Pain Pills are a most remarkable remedy for the relief of periodic pains, backache, nervous or sick head- ache, or any of the distress- ing aches and pains that cause women so much suffering.

As pain is weakening, and leaves the system in an ex- hausted condition, it is wrong to suffer a moment longer than necessary, and you should take the Anti-Pain Pills on first in- dication of an attack.

If taken as directed you may have entire confidence in their effectiveness, as well as in the fact that they will leave no dis- agreeable after-effects.

They contain no morphine, opium, chloral, cocaine or other dangerous drugs.

"For a long time I have suffered greatly with spells of backache, that seem almost more than I can endure. These attacks come on every month, and last two or three days. I have never been able to get anything that would give me much relief until I be- gan the use of Dr. Miles' Anti-Pain Pills, and they always relieve me in a short time. My sister, who suffers the same way, has used them with the same results." MRS. PARK. 721 S. Michigan St., South Bend, Ind.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk.

Mrs. William Godwin and her interesting little son of Fairfield were among the visitors to Gainesville yesterday. Mrs. Godwin came to have some pictures taken of the little boy by Jas. F. Smith.

Taken up at my place near Wacahoota, one chestnut sorrel pony horse, branded "C. J." on right hip. Owner can have same by calling on The Sun, paying for this notice and sending for the horse. P. G. Ramsey. dawl

Mrs. Southern L. Ward and son, H. L. Ward, were in town yesterday on business connected with her late husband, but owing to the absence of County Judge Mason she was unable to have the necessary papers issued.

Mrs. Moretta C. Brooks will direct the opening exercises of the High School. She solicits pupils in piano and vocal culture to be taught in the Auditorium. She expects to organize glee clubs in the school as early as possible.

George McRae and sister, Miss Blanche, have returned from Reddick, where they have been visiting for the past few days. They expect to make their departure for Tampa in a few days, where they will make their future home.

Mrs. J. W. McCollum returned yesterday from Rabun Gap, Ga., where she has been for the past few weeks recuperating. Mrs. Ella LaF. Hamilton and Miss Kittie LaFontisee, who have also been at Rabun Gap, are expected home today.

W. J. Waits of Fairbanks was in town yesterday and made The Sun an agreeable call, renewing his subscription for another year. Mr. Waits is one of the "jolliest" men for his age in the county, and always has a pleasant word for everybody.

W. B. Holder was in the city yesterday. He was en route to LaCrosse from Citronelle, where he has been for the past few days with his brother, James Holder. Mr. Holder is thinking seriously of engaging in the naval stores business, and is looking for a location.

A feature of Sunday's issue of The Daily Sun hereafter will be an illustrated fashion letter written by Rene Deveraux. These letters will deal with the very latest styles and fashions prevailing in New York and Paris, and prove especially interesting to the ladies.

The Sun erred in stating that Mrs. A. P. Morrow, who with her son, Hugh, left this city for the North on Tuesday, would remain in Baltimore. Mrs. Morrow will spend some time in Philadelphia as the guest of relatives, while Mr. Morrow will enter the Baltimore Medical College.

N. W. Littlefield, formerly of this city but now with the A. P. Brantley Company, cotton buyers, Blackshear, Ga., is here for a day or two in the interest of his firm. Mr. and Mrs. Littlefield have just returned from the former's old home, Providence, R. I., where they have been for the past two months.

W. E. Bell of Trenton, member of the firm of Wade & Bell, railroad contractors, was among the prominent visitors to this city yesterday. This firm has the contract for constructing the extension of the Atlantic Coast Line from Newberry west into LaFayette county, and have reached the Suwannee river. They have a small army of men engaged in the work.

Prof. George M. Lynch and Major W. L. Floyd have gone to Lake City, where they have been assigned positions on the faculty of the University of Florida. There are no more competent instructors in the State than these gentlemen, who so successfully filled positions on the faculty of East Florida Seminary for many years. The families of Messrs. Lynch and Floyd will remain here for the present, which will be pleasing information to their numerous friends.

W. J. Carter of Tampa, one of the leading contractors of the South Florida city, has returned to his home, after a brief visit to his family here. Mr. Carter has the contract for the erection of the immense buildings of the Florida State Fair, and is employing a large force of carpenters and other workmen on the same. The buildings are progressing nicely [illegible]

SCHOOL ENTHUSIASM.

Extensive Preparations Being Made for Opening of School Monday.

As the best evidence that the prospective pupils of the University High School are manifesting deep interest in the work for the coming term, it may be mentioned that great preparations are being made for the opening of the institution, and it is safe to say that at the appointed hour Monday several hundred bright youths and lassies will be in line, ready for enrollment.

It should be a source of gratification to the faculty that the pupils are manifesting this interest, for it means a great deal more successful term, and at the end the general "round up" will show to much better advantage.

The University High School has never had a better or more efficient faculty than that which will open the term this year, and the faculty merits the co-operation and support of not only the pupils, but the patrons as well.

Always Liberal to Churches.

Every church will be given a liberal quantity of L. & M. paint. Call for it.

4 gallons Longman & Martinez L. & M. paint mixed with three gallons linseed oil will paint a house.

W. B. Barr, Charleston, W. Va., writes: "Painted Frankenburg block with L. & M. Stands out as though varnished."

Wears and covers like gold.

Don't pay $1.50 a gallon for linseed oil, which you do in ready-for-use paint.

Buy oil fresh from the barrel at 65 cents per gallon and mix it with L. & M.

It makes paint cost about $1.20 per gallon.

Sold by S. J. Thomas, Gainesville; J. C. Bishop, Alachua.

A Handsome Monument.

There has been placed over the grave of Miss Maude Duke, in Evergreen cemetery, one of the handsomest monuments ever brought to this city.

The monument is seven feet high and cannot help but be admired by lovers of art.
